PRESIDENT'S REPORT

This turned out to be quite a year. It started out like the Illawarra was going to be short two teams ie, Tech and Waratahs. Thanks to Tony Naulty for being the go-between and organising the meeting with the guys from Waratahs and Tech at Renown Court, where both sides realised that an amalgamation was the only way to go.

The results this year may not have been that flash but remember that it was our first year. Just watch us next year!

I would like to thank all our sponsors for their support over the year: The Illawarra Hotel; Atkins & Jones Solicitors and Keiraville Pharmacy. Thanks also to the ever changing committee for all their efforts throughout the year.

A special thank you to all the players who kept the faith and didn't succumb to lures from other clubs in the district. Your loyalty is refreshing at a time of great change within the club.

Next year we will all have a new strip. No more Tech or Waratahs jumpers just TECH-WARATAHS.

The new jumper looks really smart, so lets play smart and play to win next year.

Good luck in 1995.

MICHAEL STRUDWICK

SECRETARY'S REPORT

When taking on the role as secretary just for Wollongong Tech Rugby I thought that the year would be interesting and rewarding, because this was the first time I had attempted this role. As we all know, the situation of both parent clubs changed which required us to become one. As a result, I was again nominated for the secretary of the new club, and with that I felt I would be undertaking a task, as no doubt the other committee members were, that would determine the future of many past, present and future players.

With a little reservation I accepted the position, but with the knowledge of who was filling the rest of the committee, I was more than confident that we would be a viable club for the 1994 and upcoming seasons. Thank you to all the committee and related supporters.

My position, though I was new to it, was made still easier, not only by the experienced players and members but also by the enthusiasm of all players, old and new, to the amalgamation of our two clubs. A special thank you to all of you.

JOHN MAUGHAN

CLUB CAPTAIN'S REPORT

The 1994 season turned out to be quite memorable with the amalgamation between Tech and Waratahs; one of the most pleasing aspects being the ease in which players and officials joined together in the formation of Wollongong Tech-Waratahs.

At times throughout the season all grades played without a lot of luck. A different bounce of the ball or refereeing decision would have seen us gain better results. The highlight of the season was the second round against University. First and third grade had wins while seconds came away with a draw. Unfortunately U19's, due to a lack of numbers, had to forfeit.

Commendation must go to all the coaches: U19's Mick Smith; Thirds - Michael Strudwick and Peter O'Neill; Seconds - Ron Wessel, and Firsts - Kevin Price and Barry Learoyd. Their efforts throughout the year deserved better rewards.

Special mention of Debbie Angrave and Wolf Coen for their work as managers of first grade and U19's respectively.

All of this years committee deserve a big pat on the back for their efforts in guiding the club in its inaugural year. With a new playing strip and most players indicating they will be playing, 1995 looks like being a more successful season.

Gratitude to Jeff Jones, the "official photographer" for supplying photos of players at his own expense. These were much appreciated - thanks Jeff.

Finally I would like to personally thank everyone within the club for all their help and support throughout the year. I had a very enjoyable year and am very proud to be a "Techatah".

WAYNE IRELAND

1ST GRADE COACHES REPORT

10/6 over Shoalhaven (grand finalists); 10-all with Bowral (finalists); going down to Shamrocks (clear premiers) by only 28/3 when they accounted for Bowral 38/7; Campbelltown (semi-finalists) 62/0; Weerona 63/17, University 69/10, Kiama 54/9.

Anyone who says that this side was not much good is talking through their hat. The one thing that was lacking at times in this side was confidence in their ability to perform well. As a coach it is very frustrating to know that you guys can do better, and deserve to do better, but occasionally lack that little extra thing called self-confidence. Having said that, it was a pleasure to coach such a fine bunch of young guys - even if you weren't always there to coach. Check your attitude guys.

There are a few guys that I would like to single out for special thanks but these are by no means the only people who deserve it. Firstly, many thanks to Paul Huxtable who had to do a hell of a lot of travelling but never once complained about it - only about the lack of numbers at training. Apart from all the travelling he had to do Paul was a rock in the middle of the scrum, and his experience and strength certainly helped hold things together many times. Thank's mate.

To Peter King also goes my thanks for helping with the team as captain - his advice and help were invaluable. Even when we had to move him from his preferred position of half-back his main thought was for the good of the team and not his own interest.

To all the young guys in the forwards - again my thanks. Many times you were up against a bigger and more experienced pack but you stuck to your guns and toughed it out. Thanks guys. There are few packs in the district as young as ours but as we mature and get the experience together, brother, there'll be no stopping us.

The poor old backs were chopped and changed so often through injury and unavailability that it was difficult to settle on a combination to get any sort of cohesion and combination going, let alone continuity. To all the guys who suffered out there - we are doing something about it and it will improve next year. Stick with it guys the rewards are coming. To all the guys who filled in for me and all the guys who stood by and came on also goes my thanks: without you we could not have made it through the year.

Last but no means least I must, on behalf of the team, thank Debbie for the great job she did during the year as Manager. Without a Manager, let alone a dedicated one, it is very difficult to get all the jobs done properly and Debbie took such a load off my shoulders in my first year with the club that I must thank her again (even if the people who were training under her all seeing eye and stop watch may not thank her).

That was season '94. The future of the club lies ahead of us in several paths. We think that we have chosen the right one - not necessarily the easiest but that is the way of things in this world. We can have a bright future full of hope and promise or we can take the easy option. It is up to us right here, right now and at this point in time. The decision is ours.

Think about that decision over the next few weeks guys but keep in mind how this new club came to be formed. We will be organising a few things during the off season and will keep you informed.

Thanks to everyone for their help during this year. Enjoy your break and we'll rip it up them next year.

KEVIN PRICE

2ND GRADE COACHES REPORT

This season, if taken solely from the scoreboard could be seen as a failure but the truth was far from that. Of the team that started the year in second grade there were four that ended the season in first grade: Troy Wilson, Josh Leamon, Ian Perry and Khaled Matar, and many more who played there on a regular basis: Daniel Fasch; Matt Laing; Dave Vidins, and several others who could have played there without causing any drama. The main thing that these guys had was a belief that they could play against and beat other teams. This was the main thing missing in the play of the second grade side during the year. The proof of this was the game against University. Because we really wanted to win this game and we believed that we could, we put down a game that really should have given us a win, and in the end gave us a draw. The only thing different in this game was a belief and earnest want to win the game. Therein gentlemen lies the key to the success of this team and this club. The football skill is there, the thing missing is the belief that the skill is there.

Of the players who went through the second grade ranks this year there are some efforts that should be mentioned. To all the guys who packed into the front row for us goes my eternal thanks: Troy Wilson, Mick Smith, Barry Learoyd, Tony Sirc, Mick Strudwick, John "the pom" Hitchen and the immortal and unforgettable Paul "Frogger" Davis. These are specialist positions and as such need specialist players. These are, for some strange reason, hard to come by. Thanks again guys, without you we could not have a game. The back row was also an area that saw many guys shuffling through, and all played well with so many going on to first grade. Players like Matt Laing, Khaled Matar, Dave Williams, Wayne Ireland, Steve Lucas, and Richard Macrae all played well and held up their end. No discussion of the forwards could be complete without a mention of Mark Dunn, who put in a consistently high standard game each week and has been rewarded in the trophy carve-up; and Julian "Pecker" Crawford, surely one of the best line jumpers in the second grade competition, if not the entire district - pity he has to run around in the shower to get wet.

In the backs there were several guys who should be mentioned in dispatches. There was Josh Leamon, who went on to higher honours in first grade and the aforementioned Daniel, Dave and Ian, all of whom performed very well during the year. Then there was the dynamic "Rampaging Robbo's" Duane and Will, both of whom could have, and did, play well in first grade: definitely a centre pairing of the future.

No discussion of the side would be complete without an honourable mention of Simon Marland without whom the job of coaching would have been far more onerous. To Simon goes my thanks for his support and advice and for stepping so successfully into the Captains shoes - ta, mate.

As I have already said, the only thing lacking in this side is confidence in itself, and without it we will go nowhere. The second grade sides from both the founding clubs were used to being beaten and accepted it. This is a mind set and philosophy that we are working at - and must be successful at - changing. There gentlemen lies the future - be part of it.

RON WESSEL

3RD GRADE COACHES REPORT

The year didn't start out too well. After one training session together we had to play Campbelltown away. Campbelltown flogged us! Thankfully, during the rest of the season we didn't cop many more defeats like that.

Overall we managed only two wins - one against Kiama and the other against Uni. (May I add that we all felt great after that win.)

Early season form from Ian Perry and Greg Evans saw them progress from third grade to regulars in first grade. Well done to both of you. Paul "Frogger" Davis was also one our better players early in the season who eventually made his way into reserve grade.

Thanks to all players forced to play out of position or in fact forced just to play. Also this year we were lucky enough to have two Japanese players - Dio and Junya - who proved to be good players and clubmen.

Thanks also to Peter O'Neill for his help coaching and managing the team, although when he played he seemed to be always inspecting the turf?!

Good luck for next year.

MICHAEL STRUDWICK

U19'S COACHES REPORT

What a crazy season !

The lads showed some pretty good early season form and looked like a team to be careful of but, as U19's so often do, they lost the plot after just a couple of losses. The sooner that they realise that you cannot win a game of football through a couple of individual efforts the better. To win football games you must play as a TEAM. To do that you have got to train which, like our games, started off fairly well but to say that training slackened off would be a gross understatement.

If you young blokes want to continue playing Rugby you must realise that a lot of commitment is needed to get you to training every Tuesday and Thursday and to the games on Saturday, otherwise you're wasting everybody's time, including your own.

Well that's enough of a blast for this year, now on to some highlights of the season which many may say - "WHAT HIGHLIGHTS?"

Well ...

How's beating Vikings for starters - I'm sure every coaches dream come true; or the tackling prowess of young Brighty. No, not Shane or Craig but their little 13 year old brother who got a run on the wing; who attacked with flair, tackled anything that went his way and picked up three points for best and fairest. I'm sure there were a couple of other coaches in the younger grades trying to sign him up after the game. The big hits from Craig and Shiney didn't go unmissed by the other senior coaches either.

Some wrong options that went right ...

Me yelling from the sideline to take the points and Marty Power taking a quick tap and scoring after the whole opposition side fell over laughing at me having a coronary on the sideline, with Wolfgang trying to revive with some humour like "I taught him that move!".

Which brings me to another highlight .. WOLF .. with his hard-nosed who-cares-if-I-upset-him oneliners which quite often was the only reason I didn't blast some individuals at half or full time. THANKS MATE.

The competitiveness of the whole side when the Poms turned up, although they weren't the whole team, certainly helped when I could get them off the grade coaches at the selectors meetings.

Enough from me, but before I go special thanks to all of you that helped me during the course of the year.

Starting from the U17's, who played for us then backed up on Sunday for their game, battered and bruised; the Kamikaze Kids - Dio and Junya - who played wherever I didn't have a player standing at the time (except Hooker eh Dio).

A few blokes can't go unmentioned so I will: Chris Kiley, Chris Stevens, Nigel Darby, Matt Price (who had a broken ankle on Friday and played Saturday - his Mum wanting my blood), Daniel Clough and Daniel Sopher, Gretchy, Adam "I had to babysit" Tregonning, Aaron Bryant, Stephen Power for his work on the field and the sideline, Ty Barton (who found out you can play anywhere with a broken hand and the 'flu ... "we'll strap it mate"), Ray "I can play anywhere" George plus the other thirty three players who turned up for one or two games through the season. Also to Wolf for all of his help and humour at training and at the games, and the guys who ran the water and sand.

Hope I didn't miss anyone.

MICK SMITH
