IDRU 3RD GRADE MINOR PREMIERS
IDRU 3RD GRADE PREMIERS

"Rather impressive"

2006 was the year Wollongong Tech Waratahs could rightly claim to be the premier club in the Illawarra competition, given the list of achievements above.

First grade were gallant in defeat, after what could only be described as an "exhaustive" finals campaign, second grade I will cover in the coaches report, whilst third's were successful in claiming the club's maiden third grade premiership defeating University 15-6 after a "bizarre" finals series and a midweek game leading into the grand final.

I would like to offer my sincere congratulations to Luke Mayberry, Adam Sharman and the entire third grade squad on their achievements this season. Not only did they take out the premiership, but finished minor premiers [a first for the club in this grade] with only one loss for the season. They also had the best defensive record of any team in the senior competition in all grades. Congratulations, lads.

To Mark Fox and the second grade side, congratulations on your season, where your team were also able to secure the minor premiership [also a first in this grade]. Unfortunately, a certain person had other ideas, but you were clearly dominant on grand final day and did yourselves and the club proud.

To Tony Cheetham, Rick Boyle and the first grade team. I offer my congratulations as well for a mighty season. The character the side displayed whilst playing a minor semi final and preliminary final within 4 days exemplifies the spirit on which the club was founded. I would like to make special mention of Ben Olsen, who is leaving the club to forge a life with Stacey in Hervey Bay, Queensland. Ben, will be a huge loss to the club, not only for his on field deeds but off field efforts as well. A big thank you to Ben and Stacey for your efforts and best wishes for the future.

I would like to take this opportunity to congratulate those players who were chosen in representative squads/teams this season.

Once again, I must acknowledge our wonderful sponsors for their support throughout the 2006 season. Firstly, Wiseman Park Wollongong City Bowling Club, in particular President Bob Bartlett and his board of directors for their continued support of our club. I would like to make special mention of Secretary Manager, Paul Mack for his acceptance and valuable assistance throughout his first year in the position. To Zoran

Talevski, formally Mortgage Altitude, for his continued support as sleeve sponsor. Zoran, along with partners Greg Dodd, Greg Hart and Malcolm Borger have combined to launch CRA Funding Solutions. We hope to be able to continue our relationship with this new endeavour and wish them luck. To Tyson and Kurt Zeidler, of Tyson Zeidler Automotive Excellence for their continued support, along with Khaled Matar from Bulli fruit and Veg, for supplying our raffle prizes throughout the year. This year we welcomed on board two new businesses as sponsors, so welcome and thank you to South Coast Wholesale Meats and Gwynneville Bakery.

I would like to acknowledge the support and assistance given by Sharon Bilboe, Karen O'Sullivan from TAFE N.S.W management, along with Lew Zulian, head landscaper, North Wollongong campus. Also to ITSA general manager Amanda Hall for her assistance and at times, patience, along with Tim, Angela and Pat from ITSA food services for their support and assistance. Once again, I would like to pay particular attention to Mark and Jenny Moore of Relax-a-Wash and Moderne Dry Cleaners, not only for their second to none service, but for their valuable technical input in regards to fabric selection for this years jumpers.

To my fellow committee members for their valuable efforts throughout the year, I offer my thanks, in particular the executive, Zlatko, Craig, Adam, Harry and Warren for their strength displayed, when the hard decisions needed to be made. To Warren and Annette for there management of the canteen along with Harry. To those members who assisted with the barbeque and/or sold raffle tickets on home games, yours efforts are truly appreciated. Also, thanks to those girls who assisted in staffing the canteen throughout the year.

The junior club had another strong year in 2006. I offer my congratulations to the junior committee, coaches, managers, parents and players for their efforts throughout the year. I would like to make particular mention, of Tony Leeder-Smith, for his tireless efforts in organising the junior club, he seems to be everywhere, ably assisted by Michelle. The new western fence is testament to Tony's efforts, for that I applaud you.

Once again we were lucky to secure the services of Julie Robertson. Julie's contribution towards our on field success cannot be measured and included some super human efforts towards the end of the year. Coming off night shift Saturday morning, driving straight to the ground, working all day, only to go home for a few hours before heading to Sydney for night shift again. Take it from me, everybody in the club appreciates your dedication and appreciates the effort you put in. To Ronny, thanks for your efforts on game days and throughout the finals series. To Paul Darby [the most experienced water runner in the game] Callum McVicar, Shane McVicar and Greg Thomas for their efforts throughout the year and in particular, the finals series.

I offer my congratulations in advance to those players receiving awards, along with those players reaching personal milestones within the club this season.

To those members engaged, married or become parents throughout the year, I offer my sincere congratulations. To those members recuperating from injury or illness, I

wish a hasty recovery and to those members who may have lost loved ones, my sincere condolences.

At time of writing, the format for the 2007 competition is still up in the air. The board of IDRU are still hell bent on the Illawarriors competing in the "Tooheys New Cup" in both senior and under nineteen divisions. This competition, is scheduled to be held between the Super 14 and new national championships. In my opinion, the ramifications of this, will be disastrous for club rugby in the Illawarra over the following few years.

It is with a twinge of sadness that I sign off on this report. After eight and a half years as President, I have decided to stand down at the end of this year. I have enjoyed my time in this position and take many memories with me. The highlights of this time are too many to list, but the inaugural first grade premiership in 2000 along with hosting the Argentinean under 21's at Saunders oval rank up as the highest. I would like to wish my successor all the very best and I offer my full support and any assistance if required.

I would like to wish everyone a very safe and joyous offseason.

Yours in Rugby
Wayne Ireland

TREASURER'S REPORT 2006

Wiseman Park Wollongong City Bowling Club, were our major sponsors this year. We would once again like to thank them for their continued support of the Tech Waratah Rugby Club. This has been our fourth season with their backing, and they have played an integral part in the success we have enjoyed in that time.

We would like to express our gratitude to Tyson Zeidler Automotive Excellence, CRA Funding Solutions, Bulli Fruit & Veg, South Coast Wholesale Meats & Gwynneville Bakery, who have also supplied sponsorship to the club. Your continued support is very much appreciated.

With the success that the club has enjoyed in recent time, we have also seen an increase in player registrations. Player fees collected this year were 144% increase on last season. Thankyou to all our club members, for their diligence in paying their fees this year.

The canteen made a healthy profit in 2006, under the management of Warren & Annette Read. Income was up by 144% on last year. This is a big job, and there are many people that have given a lot of time to help stock, and run the canteen. Thanks to everyone involved. Special mention, of Harry Hawksworth, who assisted greatly throughout the year.

The club also raised revenue from raffles, and fundraising activities throughout the season. Unfortunately, the money raised was down on previous years, and should be something we look at for next season. The club would like to recognise the following people for their efforts in this area:

- * Zlatko Manovski & Justin Jones - Trivia night.
- * Rick Boyle - Game day raffles.
- * Ben Olsen - Annual Ball.
- * Olsen brothers – Joker Poker.

The junior club, once again, continued to be self- sufficient. The committee must be commended on the way they have administered the junior club. Well done.

Finally. I wish to commend the committee for the efforts in administering the club this year.

Yours Sincerely,

Craig Franklin.

CLUB MANAGER'S REPORT

We as a Club can feel very proud of our achievements in 2006:

Our first Club Championship.

All three grades in the Grand Final.

3rd Grade Premiers and Minor Premiers

2nd Grade Minor Premiers and Grand Finalists

1st Grade Grand Finalists

I have no doubt that everyone involved with our Club shared the frustrations felt by 2nd Grade with the refereeing standard in their Grand Final, however, we can do nothing to change the result and now need to move on to next season.

I would like to pass on our best wishes to those players who are leaving our playing ranks at the end of the season and thank them for their services to the club over the years. For those staying in the area we look forward to seeing you at future games.

It was again pleasing to see the outstanding support our teams received at away games where we often outnumbered those for the home team.

On an operational side I would like to thank everyone involved in Game Day activities. I would also like to see a few more non players becoming involved with the Club to provide assistance at home games and to reduce the heavy demand on players to back up as committee members.

Warren Read

TECH WARATAHS JUNIOR RUGBY CLUB

The 2006 season was a lean year for our juniors, being the first year for some time that we haven't had teams in the semi finals. This was, however, somewhat compensated for, by the fact that we had Illawarra representative players in all age groups, with Under 14's player Cameron Bond making the N.S.W. Country side as Captain.

This year we fielded an Under 8's side, which we have not done for a while. This was coached by Under 14 player Josh Tresidder, who did a great job with the kids, all of whom enjoyed a great season.

I would like to thank my wife Michele, who acted as registrar and general girl Friday for the season. This was a huge task as 2006 saw a new registration system involving complete renewal of all players and their I.D.

Thanks also for the ever present band of helpers; Steve Tresider and Mark Bond who were always there for set-up on home games, Keith Wilson for refereeing, Russell and Mary Hancock, Colleen and James Beattie all of whom were there for any nominated task along with many other parents who put their hand up for things.

Fund Raising was a large part of our season this year, with Geoff and Tracey Needham organising the 100 Club, Keith the Sponsored Bike Ride, Carla Glasspole the Raffles and Colleen the Canteen all of which were very successful.

An enjoyable season was had by all and we look forward to 2007.

Yours in Rugby,

Tony Leeder-Smith.

FIRST GRADE MANAGERS REPORT 2006

This is the one opportunity where I can record my own thoughts and thank-you's to the coach, 1st grade players, other players who became part of the squad by playing or coming off the bench due to injuries and the like.

The nucleus of this years team were players that have successfully won the previous two premierships so they were well and truly in the mix of the top teams all season. Our run to make the grand-final had its usual problems, which were overcome in a way that did credit to all involved. For any team to contest three consecutive grand-finals is a strong indication of the efforts required by all to achieve such a milestone.

Working with this team was a pleasure for me (although on occasions it may not appear to be) with each player adding their own efforts and dynamics and for me what makes being involved with the team an ever changing roller coaster of emotions from week to week.

Apart from a few minor hiccups during the season the team bonded pretty well and I must say the training attendance of the players overall was good but for a few occasions.

Injuries always play a significant role in the stability of the team overall and we were fortunate in this regard but we did suffer a few telling injuries at crucial times which may have had a bearing on the final outcome.

However what an opportunity we had to take out a third straight premiership, we had the talent, skills and a good mix of experience and speed but alas we didn't produce our best performance, but for all this together with a few very questionable decisions going against us, we could have still won the game.

The man who lives or dies (figuratively speaking) by the efforts of the players is the coach and Tony Cheetham is a true player type coach with a belief in his players, Tony deserves our gratitude for his coaching efforts and his patience in changing the style of play. I for one sincerely hope he puts his hand up again next season and reaps the result he so surely deserves as a coach.

It 's always a good sign when your 2nd & 3rd grade teams are firing and this year it was a pleasure to watch them win under the direction of coach Wayne Ireland and Luke Mayberry/Adam Sharman.

To have three teams playing in their respective grand-finals, winning the IDRU club championship, being minor premiers in two grades is a fantastic club effort and must indicate to all that Tech-Tahs are a very strong club. Big congratulations to all involved in 3rd grade for being 3rd grade premiers 2006.

I hope that the vast majority of all this year's players feel a little sad that we didn't go all the way in all three grades and use this experience as a strong motivation to come back forming the foundation in the bulk of next season's teams.

A club is only as good as the people that put their hand up and do the work to ensure all the necessary tasks and decisions are made in the best interest of the club, allowing us to function and play the game, your executive and committee. A special mention has to be made of Annette and Warren Read for their outstanding efforts in the operation of the canteen.

Support staff also made life as a player a little easier, especially our Julie, working her magic on training nights and game days keeping injuries and recovery time to a minimum. The club, coaches, managers and players are indebted to you for your efforts and experience in the work done so well.

Last but by no means least is a thankyou to the wives, girlfriends and the kids that add such a great atmosphere to our club allowing each of us to be involved with mates in something we love doing.

Enjoy the off-season and I hope to see you all next season.

Rick Boyle
1st Grade Manager
2006

FIRST GRADE REPORT

Once again, the curtain falls on another rugby season. A year in which we tried so valiantly to defend our first grade premiership title, only to see it taken from us in the grand final.

Throughout the year, the team performed very well, with our proven stars all performing consistently. It was the performances of our rookie players that pleased me the most. Our supporters must have smiles on their faces, knowing that we have a strong core of young players, who in the future will be the backbone of the club. The players referred to are Alex Matulick, Sam Buckthought, Nathan Gainsford and Peter Smith. All of these young men proved that they are genuine first grade players, that can perform at this level consistently.

We had such a great run throughout the season with injuries, only to be struck down, at that time of the year, when we needed all players on deck to be 100% injury free. The loss of Lee was a major blow for us, leading into the grand final and only Josh, Jimmy, Aita and Ross to a lesser extent, will really know the amount of pain and discomfort they went through to play in the game, a real courageous effort by all of them.

I would like to thank all the members of the team that gave me great support throughout the year, making my job so much easier and enjoyable. I, would like to make special mention, of Ben Olsen, for his help and guidance at training and wish Ben and Stacey well, on their departure from the club, they will be sadly missed.

I would like to offer my congratulations to the whole club on our achievements this year. The club championship was a goal we set and achieved. To the second and third grade coaching staff for a great effort, two minor premierships and one premiership was truly a great effort. Well done to the third grade boys, the team really worked hard all year and deserved your success.

Finally, to Rick Boyle, my manager, who once again proved invaluable to the side with his organisational and managerial skills, a job well done.

Tony Cheetham

SECOND GRADE REPORT

At the beginning of the season, I asked the players to set down two personal goals they would like to achieve this season. Through collaboration, we set ourselves four team goals;

- Make the semi-finals
- Win the minor premiership
- Make the grand final
- Win the premiership

We were able to accomplish three of the above goals, but fell at the final hurdle of taking out the premiership.

Fell is the wrong word to use, we basically had no say in it.

The decision to appoint a senior committee person to referee his own club in a grand final was completely absurd, especially after his display in the major semi-final, where he caned us 22-3 in the penalty count. This definitely went against the trend of most referee's throughout the year who were outwardly complimentary of our self discipline and behaviour. His decision not to award two tries in the grand final proved decisive, along with his continual allowance of professional fouls by the opposition team. We eventually went down 19-12 in a game where we were clearly dominant, but were continuously reined in for no apparent reason.

The heartbreak and looks on the player's faces after the game is a sight I wish never to see again in sport. In saying that, I have nothing but admiration for the way the team played throughout the entire season. They showed guts, determination and character and can hold their heads high for their achievements this year.

I would personally like to congratulate and thank every person who played second grade this season. The commitment and effort was second to none and made me very proud to be your coach.

I would like to pay particular mention of our captain for the season, Zlatko Manovski. Zlatko did an admirable job throughout the year, leading from the front not only on the paddock, but at training as well. Congratulations on a great season Zlat.

It would be amiss of me not to mention the great assistance I received throughout the year from Sean Filan. Sean joined the club at the beginning of the season as a skills coach, but soon became a valuable member of second grade. Sean's assistance in planning training seasons and organising skill drills was a great help to me. The higher level of skills shown by second grade this season is testament to Sean's knowledge and experience. Thanks Sean.

To Mark "Foxy" Fox, thanks for your assistance and support throughout the season. As a coach, it is comforting to know you have such a proficient manager, allowing you to concentrate on your tasks. Foxy has a very astute rugby brain, who's input into selections, game plans, direction and his general thoughts were invaluable to me. Mark I really appreciate your efforts throughout the year.

Special thanks, to Callum McVicar, who was there most weeks carrying the water out for the boys. Cal, I know the players were appreciative of your efforts and I would personally like to thank you. To Shane McVicar and Ronny for their assistance in the finals campaign, my thanks also.

To those club members who filled voids due to injury or unavailability, or backed up as reserves throughout the year, I'd like to thank. For those, who feel they were wronged or hard done by, I only hope they carry no grudges towards me.

Whilst the disappointment of this season will be a huge hurdle to overcome, I urge every member of second grade to stick it out again, as I believe they have the skill level required to stay dominant at the top of the table.

Yours in Rugby
Wayne Ireland

It is always hard to write a report at the best of times, but being our first year coaching, it makes it doubly hard to remember all that went on and condensing what both of us want to say in one report, without boring the pants of you. So be patient, sit back, relax, and let Bobus and Sharmo take you on the journey that is the.....

2006 Tech-Waratah 3rd Grade Report

First of all we would like to thank all the players for their support throughout the year. As making the transition from players to coaches, tends to lend it self to a bit of apprehension (on our behalf) to how much information you players listen to, and respond accordingly. As I'm sure there would have been the odd comment made after directions given from the coaches-"Buggered if I'm doing what he told me to do, as when he was playing I never saw him once, do any of that sh#t!" So thanks again, as you guy's made it a pleasurable experience for the both of us this year.

From the start of the season, when we set out our goals in the training shed, right up to the last game of the season you have conducted yourselves in a very professional manner. To players only ever wanting to play in one position – to players asking I'll play anywhere if you think its best for the team. Some, playing 3 or 4 positions throughout the year, some games in the forwards and some in the backs, and still played well.

Throughout the season, we have placed the red, white and black on the backs of over 40 players. (Not all at once thank god!) With an average of 10 players on the bench per game (one week 14 players), this gave us a lot of flexibility in positions, with also promoted competition for starting positions. You would think it was a coach's dream position to be in, well – yes and no, as we found out player management was quite a steep learning curve. As we always had suggestions who should be playing where, who was playing well, who wasn't, who was going up to 1st or 2nd's, and so on. Which we also like to thank the following people which provided us with the tools to manage with all of the above.

First of all, Mitchy Bevan, Captain and a mighty mouse extraordinaire. Mate, you might not be the biggest bloke on the paddock but if we could bottle some of the stuff you have and gave it to the players before kick off, old Knuckle's Connelly would have an extra 15 player to choose from for the next World Cup. This year for you, is just the tip of the iceberg, hopefully you will remain a Tech-Tah for many years, as you have a bright future ahead.

Next, Old Jumping Jack Jenko, Vice Captain and Grand final Player of the Match.

Thanks, for your suggestions and insight throughout the season. Invaluable, to say the least. Now, you're contemplating retirement, and a switch to the refereeing ranks. I know you have to stay impartial and fair, and show no favorable decisions towards your old club. I can only give you one bit of advice, to do all the above on the field, just make sure you get tutored by Craig Conway, and you will always have a cold one waiting for you after the game. Enjoy!

Thanks also to Stewy; the foundation stone we built our side around, Dapto Dave, The Ox and Cooney, if we had a picture of the face of that opposing University Prop on G.F day, after being softened up by Dapto Dave then belted by The Ox, and then belted again by Cooney, it was priceless. Very solid and consistent performance all year.

To Frogger, for all your conspiracy theories, and your general overall season the best I've seen from you. Lineout throwing 2nd to none this year. Condo, Mr. Dependable, stick him in here, he'll do the job. Safe as houses! Great year, loosey, to tight five to the engine room thanks for your flexibility. Mick Merrick one of our main men that lead by example on the field. Not too many players can put in week in, week out, and also play the final series with a busted foot and still give 100%. Inspirational!

Robbo, thanks for taking the opportunity to take the coach out for some quality bonding time, the night before the game. Getting home late Saturday morning, arriving game day to reek of Bourbon & Coke, and coming off saying you had an injury. I would have expected a more imaginative excuse from you. But all in all, great year the best we have seen you play.

Campo, you can say thanks to Wise for that lovely quick lineout at Shamrocks. Invaluable contribution this year, always had a hand in the breakdown or a scoring play. Ben Shortus, one of the most improved this year got our forwards and back working as one unit. Service to the backs excellent and you well and truly play above your weight. The Peace Pipe came into the scrum-half position under the pump, at the crucial part of the season. Did not disappoint, very calm under pressure.

Pat Langers, Kim August and Liam O'Dwyer 3 of 5 people that played in the 5/8th role. All have wisdom beyond their years, ignited the backline, and gave good field position. We were lucky we caught you guys on the start of your way up to higher grades. Thanks, to Greg Hale for taking Brad Norton for a lovely trip to Europe right when we needed you most. Nah, just joking! Both were crucial links in getting us to the big show this year. From starting on the bench last year to, one of the first players's selected. Great season from you both.

Whippet came into your own this year and it showed on the paddock. Even had a stint at half back to win us the match at Engadine.

Rob Corbett another one of the most improved this year. Great season on the field, great clubman off the field. Does a lot of work that goes unnoticed.

Burgo, can run a line and hit a hole smaller than Mother Theresa's nether region. Solid. Nathan Davey and Chris Thompson a short stint in The Juganaught but I'm sure it will be a memorable one. Thanks for your input guys!

Tricky Ricky, scored the try that got us to the "Big Show". Can sniff out a try from anywhere on the paddock. Hopefully you will stick to Rugby with Tech, and give that Mungo game away, as you have a bright future ahead.

Rob Rossit one word for this bloke –**Enigma** why? If anyone saw the Grand final try he scored, you will understand. If you didn't see it. It was a combination of pure – uncoordination, mixed with baffling slight of hand, a dummy or two thrown in, with a 25m run of blistering slowness to the tryline. It was a sheer beautiful thing to watch. See definition below:

e.nig.ma. – 1. One that is puzzling, ambiguous, or inexplicable.

Noun

Anything that arouses curiosity or perplexes because it is unexplained,

Something that baffles understanding and cannot be explained

Perfect fit! In all seriousness Rob, went for a positional change from the backs to the forwards and found a new lease on life. Playing like a 18 yr old, with the maturity of his years. Great year! You can always count on to getting the job done.

Vinny, a player with great ability and a person who you can count on to follow instructions. Example: Grand Final day. Half Time. Message to Vinny. Warm-up. Look, go out there, the boys are a bit unsettled, we want you to show your experience out there, and create a calming influence on the boys. Get them to try to reduce the breakdown infringements. Result: Vinny runs on, 10mins, 2 penalties from the V-man at the breakdown, and sent 10 in the bin after 15mins on the field. Got to love your work! But some great insight throughout the year on various team playing dilemmas.

“The Adonis”- it took all year for you to get one, now it’s stuck. Performance improved each week, played against more experienced players but held your own easily. We could not ask for more for your debut year in Rugby!

If not for these player we would not make the final hurdle – Fatty, Greg Mc, T-Bone, Tully, Chad Mc, Peter Fangupo and Bic. If we forgot anyone we do apologize.

And finally, to Wayne and Cheeto thanks for the unselfish decisions made on player selections, which helped us out a lot. We would not have got there without your support! Jules who backed up game day after working the night shift to strap. Sean Filan provided some great, tips and strategies and player support. Harry for helping on scrumming technique, Benny O and the 1st Grade forwards on improving our lineout. Cheers!

Adam Sharman and Luke Mayberry

Coaches of the 3rd Grade Juganaughts.
