President's Report

2011 could probably be considered, 'the year that could have been', as far on field success is concerned. In so many ways we went close. First grade led the competition till around the half way mark before finishing second in the minor premierships race. A heavy injury toll during the second half of the season didn't help the cause and 1s finished up bowing out to Vikings, eventual premiers, in the final.

The highlight this year was the rise of the younger players to secure permanent first grade positions. Players of the calibre of Joel Armstrong, Nick Beacroft & Rory Waterfall help to secure our playing future going forward. Add these names to some of the more experienced players that have graced The Saunders Oval for the past decade or so and we have something that will continue to grow in coming years.

Particular thanks and congratulations to Sean Filan on his first grade coaching debut. To finish the minor premierships in second spot is a wonderful first up achievement and all augers well for a long coaching career. It was terrific to see Mark McConnell back at the club as Sean's assistant and his knowledge, experience and contribution was felt through the whole club. Also Paul Condon on managing the first grade side, never easy sorting these blokes out on Saturday afternoon but you did it week in week out and I know that it made the coach's life that little bit easier.

Second grade improved greatly this year with 9 wins for the season. It was probably going to be tough to make the playoffs from quite a few weeks from season end but everyone stuck to their guns and did the jumper proud. There is quite a deal of inexperience in this side and it has been a joy to watch second grade improve over the last three years. They are now only a step away and I suspect next year could be their break out year. Thanks for your efforts this year Wayno, second grade coach is definitely the toughest gig in any rugby club and you did your usual sterling job. We uncovered a new manager this year in Barry McAndrew who filled the breach for Wayne and looked like he'd been doing it all his life, thanks for your invaluable help this year Bazz.

After the successes of 2010 there was much expected of 3s this year sadly it was not to be. Due to the bad weather experienced earlier in the year and a number of catch up games it was still 'mathematically possible' to make the semis with 2 or 3 weeks to go but the results just didn't fall our way. It is not hard to look back at 2 or 3 close losses, and the odd loss to teams positioned below us, and ponder what could have been. Thanks for a great year again Kman, you seem to have the knack of making 3rd grade fun and it is great watching the interaction between you and your players, particularly how you seem to be able to come back from being cross at them. To the many managers that you had this year thanks but a special thanks must go to Leia and her able assistant Penelope. Only weeks after giving birth Leia was back on the job as 3rd grade manager with her new assistant Penelope and they did a superb job.

So what is the verdict.....big pass mark with room for improvement.

Congratulations are extended to the following players that made the Illawarriors Senior and U20s sides in 2011; Tim Olsen, Trevor Longbottom, Dave McConnell, Nick Beacroft, Rory Waterfall and Jake Davey. Great effort men and I'm sure you enjoyed the experience. To those of you that have been chosen in the squad for 2012, well done and good luck.

One player that cannot go unmentioned in summing up 2011 is Paul 'Frogga' Davis who joined an illustrious group of players to have played 400 games for our club. There is much I'd like to say Frog but neither you nor I want those stories told. Suffice to say your tenacity and commitment to the club are unmatched, except maybe by your ability to pester coaches into letting you on the field for a couple of minutes at the death. In all sincerity Frog, congratulations on reaching such a HUGE milestone there aren't many that have and you should be very proud of your achievement.

In typical Tech Waratahs style we celebrated as hard off the field as we played on it and we once again had a number of social functions to keep us occupied on Saturday afternoons and nights. Our annual Old Boys, Ladies and Sponsors days were well attended and everyone seemed to enjoy themselves. There was also our annual Trivia Night which was probably the biggest I have seen in a number of years and our second charity day with proceeds this year going to the Cancer Council via the Call to Arms initiative. This year we found ourselves in a position to donate \$5100 which was yet again a splendid effort by all concerned. Another great night was the multi sport Wiso's Appreciation Night which was kicked off by Tech Waratahs and in particular Luke Maybery, great job Bobbos.

We purchased a ride on mower this year and took over some of the ground work in order to try and get a better playing surface. This was not without issue as the weather conspired against us early in the year and as there were no free weekends we felt that we had to play on some of those extremely wet weekends. This coupled with the fact that someone dropped the mower height too low too quickly and 'shocked the grass'.....how the hell do you shock grass.....meant that, while the pitch definitely held up better than in previous years, it probably didn't reach the standard we would have liked. No problem, just have another crack next year. We were also in a position, through some grant money, to purchase some new shelving and filing cabinet for the store room along with a new television. There a couple of other canteen related items on order that we will have for the start of the 2012 season which means we will have filled our obligations with regard to the grant money that we received.

It gives me great pleasure to confirm that we have been successful in accessing some further grant funding via the Department of Family, Housing, Community Services and Indigenous Affairs which will go toward some other small items that you will see around the club house during the course of the 2012 season. These grants enable us to provide some of the smaller things that we would normally not consider essential and help to make all our rugby lives easier and more enjoyable.

A club is only as strong as it's front office, or in our case our committee, and over the years Tech Waratahs have been blessed with some wonderful people to steer the ship

through some often stormy waters. These people are often unheralded but do their job in a quiet, unassuming manner and without them none of us get to watch rugby on a Saturday afternoon.

I will firstly thank Dave Vincent for his efforts in running the junior arm of our club this year. David took the task on well into 2012 and was, shall we say, behind the eight ball from the start. He had to make some pretty tough calls and make those calls pretty quickly upon assuming the role of Junior Vice President. Not a problem to David, job done, no fuss...except a bit of swearing....juniors on track. Thank you so much for your efforts this year David and may I also add that these efforts were recognised at a district level through being awarded the Junior Volunteer of the Year for 2011, congratulations. It is through your efforts that the junior future of our club looks pretty rosey.

Tara, Paul, Sam and Jake Condon, I almost feel that I need say nothing about you guys, it should be so obvious to everyone that without your help we would be seriously struggling as a club. Let me see....Ladies Day, junior and senior canteen, ordering and distributing clothing, cooking the barbecue, first grade manager, club registrar, playing third grade....I'm sure I forgot something but I think you all get the idea. An amazing effort on the club front but more importantly we are all the richer for being able to call you our friends, thank you.

Shane & Barry McVicar and Tony Gorjovski your help in ensuring the grass is cut, the ground is marked and all the little incidental things get done around the place is much appreciated, probably don't need to say much more as if you look in the last few yearbooks you'll see the same thing. The fact that you have done this work for a long period of time is testament to your devotion to our club.

Mark Mazzini and Josh Davey, you guys are legends. Getting down there early on a Saturday morning to ensure the club house is clean and the ground is set up before fulfilling your playing obligations, I don't know how you do it.

James Letham and Mark once again for organising this years 'Yellow Day', a great initiative which ran smoothly, even if it was a bit damp.

To all of our committee and in particular the executive officers; Kristian Evans, LaVon Davey, Craig Franklin and Luke Maybery I offer my heartfelt thanks for your efforts in ensuring the smooth running of our club. Much of the work that you do is not seen by anyone but is greatly appreciated and should not go unrecognised.

A final thank you to the life members and, 'old guys', who just always seem to be around to do the jobs that no one else wants to do. Whether it be running the line, match day controller, or just packing up when everyone else has gone home on a Saturday evening your help does not go unnoticed.

To all of our sponsors who are listed toward the front of this publication, thank you, I believe I've said it before but without your generous and valued support we cannot function. Particular thanks to Wiseman Park Wollongong City Bowling Club who have

been our major sponsor for the past 7 years and to Redback Music, our jumper sponsor for the past two years.

Finally, in the inimitable words of Geoff Needham 'it is a beautiful thing' seeing our U17s conquer Shamrocks in the grand final was the highlight of our year. I will leave it to Tim and David to give you some insight but suffice to say that all those that were there to see the future of our club left feeling warm inside. Congratulations to all involved and particularly to the young men who wore the Tech Waratahs colours with pride.

What a great ride 2011 has been. Thanks for being part of it and look forward to seeing you all for the 2012 season.

Rod Horan
President

Junior Vice President's Report

After months of constant pestering (Red & Bobbos) to become the president of the juniors, I finally succumb in a moment weakness. As I recall it was around 2am one Sunday morning at the Harp. To say I was thrown into the deep end is an understatement. In my first weeks in the job I had to mend broken relationships, withdraw teams from the competition and defend players at the Judiciary (I still can't believe I pulled this one off). This left me second guessing my decision to become the President. But in the end it all turned out fantastic and one of the best moves in my life. As a club we had a superb year. We had the three teams compete this year with 62 fine young men registered in the 8, 12 and 17's competitions.

Under 8's

These guys gave new meaning to the term "dream team". They were a real joy to watch play, great skills, well drilled and disciplined. A real credit to the hard work put in by Tony, Mick, Cameron and all the parents. Also congratulations on winning the TT Trivia night.

Best and Fairest:	Drew Behr
Most Improved:	Oscar Murray
Best Attacker:	Max Cesare
Best Defender:	Aiden Merrick

Under 12's

Every good club needs it rock. At ours we have Sean Filan. He put in as much time and effort with the 1st's team as he did with the u12's and at the end of the day the results showed. They started the season as the easy beats of the comp and ended it a side that could compete with the best. Scoring tries making strong tackles and playing a structured and stylist form of rugby. It just goes to show if you put in on the training pitch you are rewarded on game day. Also thanks to the Ox who helped out when Sean couldn't make it and the various senior players that assisted at training.

Best and Fairest:	Liam Filan
Most Improved:	Christian Stojanovski
Best Forward:	Chris Hawksworth
Best Back:	Josh Byrne

Under 17's

My nightmare to dream comes true. I didn't think simple things could be so hard, rego forms, photos and the likes. We had our problems throughout the season, but at the end

of the day it was all worth it. Whoa was it worth it. What a rugby side, going through the season undefeated winning the GF 32-19. Well done to Luke and Tim and a big thanks to Dave Brace the level head that every good team needs. Also Rory Waterfall, the fittest looking water runner in the U17s comp.

Best and Fairest:	Rodney Manuela
Most Improved:	Lachlan Hurry
Best Forward:	Kai Chisiro Denny
Best Back:	Kallon McVicar

Representative Players

Josh Byrne (South Coast PSSA)
Rodney Manuela (Illawarra)
Sam Smith (Illawarra)
Josh Olsen (Illawarra)
James Needham (Illawarra)
Kai Chisiro Denny (Illawarra)
Nick Mastro (Illawarra)

Junior Major Semi Final

What an unbelievable achievement by our whole club on limited notice. We pulled off what the district described as a well run great day and credit to our club. It wasn't easy, but we did it. I think we had to go back to the shops 6 times, going through around 45 loafs of bread, 200 snags, 30 dozen eggs , every bag of pythons in Wollongong, a fridge of soft drink and two pigs worth of bacon. A massive thanks to all that help pull it off it was well worth it and showed the district what a great club we have.

They say that every man needs a great woman behind them and I was lucky to have two absolute warriors.

Tara Condon and Cubs. Thank you so much in running the best canteen in all of junior sports. I'd text you a shopping list on Thursday and like magic you had it ready every home game bright and early. I couldn't have wished for more.

Jodi Crealy you are a champ. With little to no help from the district you made a hard job look so easy. Thank you for doing all the little things right and being there to help when ever I needed your help. Life a president was so much easier with you in my corner.

Lastly thank you to all our sponsors, parents, supporters, BBQ Mick and players. Without you we would not have a club that I'm very proud of.

Vinni
Junior Vice President

Treasurer's Report

I would like to begin by thanking our club sponsors.

Our major sponsor this year was Wiseman Park Wollongong City Bowling Club. This is a valued relationship which is about to enter its 10th year. We thank you greatly for your ongoing support.

Our appreciation also extends to the other sponsors associated with our club this season: Our club would not operate without all your support.

- Redback Music
- IMB Ltd
- TLE Electrical
- DGB Lawyers
- SOAR training
- Ziedler Automotive
- Austrain
- Cunneen Signs
- JME Truck Engineering
- Keiraville Butchery
- Bulli Fruit & Veg
- Gwynneville Bakery

Please keep in mind our ongoing sponsorship agreement with IMB Building Society. Through this arrangement the club receives commission payments for any home loan that is written for club members and supporters. This year that amount totalled \$4284.10 Please see Craig Franklin or any of the committee members for more detail.

Tara Condon held the role of Canteen manager this season, and did a fantastic job raising vital revenue for the club. It is big role that takes a large commitment of time and effort. Thanks Tara and everyone involved with helping out on game days.

The club would like to recognise the following people for their efforts in this area:

Rick Boyle - Organising game day raffles

Barry McVicar - Sponsors Day

Wendy McVicar & Tara Condon - Ladies Day

Kristian Evans - Trivia Night

The whole committee (particularly James Letham & Mark Mazzini) - Yellow Day

Wayne Ireland, Justin Jones & Simon Marland - Old Boys Day

Craig Franklin
Treasurer

Club Captain's Report

Now the dust has settled on what was the 2011 season its time to reflect and remember the year for what it was. 2011 was my first year as Club Captain and it was an honour and a privilege to represent the club in this role. 2011 was a successful year as a club but a year where we wanted more but just fell short at the finish line across the board. Well done to the club for finishing 4th on the Club Championship ladder and 1st Grade congrats on remaining undefeated for the first round and finishing the season in second place with the best defensive record of the district in all grades.

The mighty Tech Tahs had a tremendous start to the year with our pre season training at South Beach def paying dividends in the first round having that fitness edge got us over the line in a few close ones. Thank you Chodat Fitness. I wish he came good with his promise to laced up in red, black and white for a game or two this year though. The club showed promise in the trial games, especially the in house trial, you'd have to say rugby was the winner.

Big hand to Sean, Mark and Condo in their first year as a coaching team and having so much success. We looked on target for another title but fell agonisingly short of the GF. I don't think Sean expected the injuries we had to key personnel in the second round and to all the guys that stood up and carried on the winning ways, thank you for your efforts.

Wayne and Kman and your numerous managers well done on your efforts this year nobody took a backward step and a lot of new faces and personalities wore the mighty red, white and black in 2011 thanks to you guys and I know they all had fun. The inability to keep the same side on the paddock each week is always a challenge and you both handled everything in your stride. I thought you were both going to come out of retirement at some stage in the year, maybe next year? You both did the best you could with what you had. It's unfortunate losing close games that could have seen a change in result come finals time but big thumbs up on never giving up.

Scotty and the BaiMed team on your first year with the club solely for trying your best to keep us on the paddock or just taped together thanks mate. I know the coaching staff loved your emails with who's in and out and the diagnosis of when each player was likely to return to the paddock.

To all the players thank you for the year and how you all carried yourselves with integrity and discipline throughout the year you are to be commended so treat yourself tonight to a few cold ones.....hehe.

I hope I served the club well as Club Captain be it with my famous "We got the chocolates" statement in after match speeches or my poor efforts at necking a beer in the boat race. I promise I'll train all Xmas break for next year. In all seriousness I know it's disappointing to go so close but let the disappointment of 2011 drive desire to succeed and achieve in 2012.

Tim Olsen
Club Captain

1st Grade Report

Firstly I'd like to thank Mark McConnell for all his time and effort in working with the backs this year. I would also like to thank Condo in his efforts in managing the team. Each week he ensured that the team was organised and ready to take the field due to his superior organisational skills.

We started the year with limited but quality numbers at pre-season training. The hard work at pre-season paid off with a flying start to the year winning all games in the first half of the season. As a result Tech Waratahs won the Illawarra Districts half way cup. This position was all the more impressive considering the injury crisis that we encountered at this point. Over 40 players from the club had played first grade by this time.

The second half of the season became difficult as we loss some of our main go forward men, due to injuries, like Dave McConnell and Tim Olsen and play makers such as Lee Martin. The injury toll extended to players such as Brad Veigal and Josh Darby who are generally seen as impact players at crucial points of any game. Overall we finished second in the competition but unable to make the grand final after a demoralising loss to Vikings in the major semi-final.

Some highlights of the year:

- Josh Davey - with his improved fitness he was unstoppable everywhere in every game. He was a pleasure to coach.
- Rory Waterfall - Had a fantastic first year in first grade. He is certainly a player with plenty to offer the club in the years to come. His intensity and energy was impressive. He was also voted 3rd in Player of the Year in the district.
- Aaron Kelly - stood up and improved out of sight in 2011. His forward carry was an integral part of the team especially when the forward pack was weakened from injury.
- Joel Armstrong (Aptly named "Rock Solid") - a pleasure to watch. Quick on his feet and in his decision making. Very humble and unassuming regarding his talent and abilities on the field. Thanks Uni.
- Noel Franko - entered the team at the beginning of the second half of the season against Camden. After a slow start he began to dominate in defence and was voted players player most weeks.

In general, our forwards dominated our games and were led by Tim Olsen, Sam Buckthought, Alex Matulick, Aaron Kelly and Dave McConnell providing much of the go forward. They were well supported by some of our young guns Harry Hawksworth, Craig Franklin and Josh Davey. Hopefully we can keep this forward pack intact for next year. James Letham returned to first grade a much improved player and with his commitment and tenacity he will continue to improve.

The backs consisted of a talented bunch of players producing some slick magical play throughout the year. They showed brilliance in both attack and defence. No one more so than Joel Armstrong picking up 2nd phase ball and carving through the opposition, with the opposition then changing their defence pattern to counter this attack and then Liam O'Dwyer strolling through to score. Trevor Longbottom's counter attack always mesmerised the opposition and brought the crowd to their feet. Josh Darby was class above when fully fit, always taking the right options and tackling like a man twice his size. Brad Veigal didn't get on the field as much as we would of liked but when he played he enjoyed great success with his goal kicking and try scoring. His presence on the field put a spark in the attack and lifted the team to the next level. The effort, experience and leadership of Lee Martin played a crucial role in the commitment and organisation of the backs this year. Wayne Bruton had many and big shoes to fill such as during the absence of Josh Darby. This also included playing at fullback and wing. As always he was reliable and didn't disappoint. Our wingers, Nick Beecroft and Pete Lepepe, consistently looked dangerous with the ball in hand. They created opportunities when retaining the ball and at the end of a good run the team usually scored after a few phases.

Coaching first grade has been enjoyable due to the respect shown to all the coaching staff by the players and their ability to take on board changes to the way they played the game. Feedback was always plentiful and welcomed. Strong leadership from Tim and Lee were also a vital part in the team's success. Personally, the moment I enjoyed the most throughout the year was at Shamrocks when Josh Davey burst through 40m out from the line to run 20m himself before turning the ball on the inside to Alex to score a fantastic forwards try. I also didn't mind the odd push over try.

I would to thank Rodney Horan (AKA Red) our illustrious president for his faith in me, his support and all his effort throughout the year. It's always a pleasure to see Red smiling and man hugging people after each game.

Sean Filan
1st Grade Coach

2nd Grade Report

Season 2011 for second grade was overall, an enjoyable season, although, at some times frustrating. Whilst we failed to qualify for the semi's, we were able to record nine wins [including one forfeit], a vast improvement over past seasons and one that the players should be proud of.

Season 2011 can only be described as an "annus horribilus" in relation to major/long term injuries, not only in seconds, but across the whole club. Injuries played havoc with team selections and ruled out any chance of selection consistency. Unfortunately, training attendances were also poor this year, leading to a lack of player cohesion at times.

I would like to thank the committee and Sean for giving me the opportunity to coach 2nds's this year. In particular, to Sean, who introduced a system of skill based training, which inevitably raised the skill level of every playing member of the club. To Mark for his assistance throughout the year, my thanks, for your work training the backs and to Kristian, congratulations on your achievements throughout 2011.

My heartfelt thanks go to Barry McAndrew, who came on board as second grade manager this year. A huge effort from Barry, considering, he resides in Berry and only gets one home game a year. As a coach, it is comforting to know team administration on game day is being well taken care of, allowing you to concentrate on coaching. Thanks also to Rodney and Dave who deputized at times throughout the year, in Barry's absence.

To John Feltham and Greg McAndrew, who led the side throughout the year so admirably, my sincere thanks.

To those playing members who filled voids due to injury or unavailability, or backed up as reserves throughout the year, I offer my sincere thanks.

To Scotty, our physio, thank you, for your contribution throughout the season.

Highlights for the season for me were:

- General improvement in skill level across all players who played 2nds this year. A testament to Sean's training regime.
- Two wins over Shoalhaven, whom finished above us on the premiership table.
- First up win against Camden, who qualified for the semis.
- Ground out win against Vikings, at Vikings in the 2nd round, whom also finished above us.

And as much as I hate to say it:

- Gus's chip and chase try against Bundanoon in the second round. [I hear the cries of expulsion from the front rowers union].

I would like to congratulate in advance all players receiving awards, along with those players reaching personal milestones throughout the season.

As some may be aware, I will not be nominating to coach in 2012, as I plan to undertake tertiary study. I would like to wish my successor, all the best and urge as many of this year's team to stick it out again.

I would like to wish everybody a joyous and safe off season.

See ya at a game in 2012

Wayne Ireland
2nd Grade Coach

3rd Grade Report

2nd April 2011, you bloody beauty, the rugby season has commenced. It was a long hard pre season, in which we saw some massive improvements in most player's fitness and rugby skills. So heading into the first game of the season against Camden I was feeling quietly confident for the upcoming season. So at 1:25 2nd April 2011 with the score board reading Camden 54 Tech Waratahs 0 my optimism had dwindled a little bit.

But the best thing about 3rd grade is after the game you have a beer together, a good old fashioned laugh and look forward to next week. That is what I enjoy most about coaching, taking the good with the bad and moving on. It was great to see so many new faces at the club this year, the club has been screaming out for some young players and we were lucky enough this season to get just that.

I think it is fair to say that as a team this year we under performed and did not reach our expectations, but if we can keep the majority of these young blokes, I honestly think we can be a force in the up coming years. To the new brigade, thank you all for your efforts this year. I hope to see you all back next year bigger and better to help represent our great club.

As good as it was to see so many young blokes, all teams need some experienced old hard heads to lead us around the ground, and we could not have asked for better blokes to fill that roll. I was so proud of each and everyone of you this year. The training commitment put in this year and the way we carried ourselves, both on and off the field this year was second to none. A massive thank you to Paul Condon for his leadership both on and off the field this season, I could not have done it without you. You are a true inspiration, and I hope you enjoy retirement.

Another massive thank you to Sean Filan and Wayne Ireland, without the two of you the season would not have functioned as well as it did. To Sean congratulations on your first season coaching first grade, your professionalism and attitude this year really made our jobs so much easier.

To Rob Kelly and Leia Thompson my two managers this year, thank you once again for keeping the ship running so smoothly, it makes it so much easier to coach when you know you have such good people as yourselves running the show.

Finally to Red and the committee, thanks for giving me another chance to coach again, and for the everyday running of the club. I know we are in good hands when i look at who we having running this great club.

Hope to see everyone back next year to make 2012 as fun and enjoyable as 2011.

Kristian Evans
3rd Grade Coach

U17s Report

Wow what a year. I have been coaching for 10 years now with guys at this age group and never have had as much fun watching a group play rugby as I did this year. Anyone who watched these guys play this year at all will vouch for that. I am so proud of this group and how they have developed they fully deserve all the accolades as a team for their efforts on the field. These guys were our only junior side 3 years ago as 14 yr olds and have come a long way since then. I have enjoyed sharing my love for rugby with the fella's and as much as I've taught them they have also taught me.

Lachie Hurry, Sam Smith, Owen Brace, Rodney Manuela, James Needham and Josh Olsen thanks boys for sticking it out through the years where sometimes we didn't have a team till the first game. Dave Brace even though you're a wombat thank you for helping out on sun's when Luke and I were lost as managers you were awesome.

Kai Chisiro-Dennelly, Kallon McVicar, Simon Gutierrez, Sebastien Wilson and Justin (Beiber) Lenane guys we picked up along the way who all played vital roles in the first junior premierships at the club in over 10 yrs. Justin you have found at home at Tech 5 days a week I think your parents owe us babysitting money for looking after you well at least you're toilet trained! Just joking mate I look forward over the next few years seeing all you guys and more bolster the grade ranks

Special mention to Vinni and Rory for helping out with whatever needed doing this year wouldn't have been possible without you guys being running the water or taking the reins as junior president. Thanks Luke for your assistance throughout the year be it on game day training or analysing the last match and talking tactics for the upcoming fixture.

In summary Congratulations to the Wollongong Tech-Waratahs u17's undefeated minor and major premiers in 2012. The future of Tech-Tahs for many years to come!

Tim Olsen
U17s Coach
