President's Report

Success is a result of hard work, dedication, inspiration and the tiniest bit of luck. When I look at the 2009 Illawarra District Rugby Union season I guess we got the mix just right. 2009 has been a successful season by anyone's standard for the Club of the Decade.

From our successes off the field, to the obvious in our First Grade Grand Final win, 2009 has truly been a year for all to be proud of.

From the perspective of President this club is not just about the 25 players who formed the squad that tasted Grand Final success on September 19. Wollongong Tech Waratahs Rugby Club is about the 113 registered senior members and 52 registered junior members as well as their families, friends, sponsors, supporters and a myriad of other stakeholders. All of these equally share in the good times and bad, the highs and lows, the successes and failures. Thankfully this year we got good, high and successful and with the support and help of all concerned we hope to continue in this vein.

There were any number of highlights during the course of 2009 with the obvious being winning the Illawarra District Rugby Union Minor and Major Premierships. Congratulations to Paul, Wayne, Timmy and the entire playing group. You are a fine group of people that everyone associated with Tech Waratahs is extremely proud of.

Another highlight for me was watching Cheeto and his collective of managers guide seconds to a semi final berth after a slow start to the season. The determination to succeed, when put to the test each sudden death week, was inspiring and gave the entire club a lift as we followed 2s charge toward the semis.

The first Tech Waratahs Old Boys Day was a resounding success with over a hundred past players and administrators in attendance. From this initiative an Old Boys Club will be formed to ensure that all of those people that have been involved with the club and its predecessors over the last 50 or so years will not be lost as supporters.

Our success over the past 10 years has in no small way evolved from a strong junior base. This has tended to wane in the last few years to the point where we only had one junior side in 2008. Probably the biggest highlight of my year was seeing three Tech Waratahs junior sides playing week in week out. 2009 is the year that our juniors got back on track and we now have an extremely strong base to expand from.

Thanks particularly to Geoff Needham, Sharon Scanu as well as the junior coaches and managers. You all did a wonderful job and our future is safe in your hands.

To all senior and junior players that achieved representative honour, congratulations. What you learned through your representative commitments and brought back to the club has been invaluable in the club's development. Particular mention needs to be made of Josh Darby (NSW Country & IDRU Rep Player of the Year), Blake Hamilton (U16 Australian Indigenous) and Liam Faughlin (U15 NSW), congratulations on your wonderful achievements.

To achieve what we have this year would not be possible without wonderful support and sponsorship from the Illawarra business community. We have been blessed by long term sponsorship from Wiseman Park Wollongong City Bowling Club, Bulli Fruit & Veg, Zeidler Automotive, Gwynneville Bakery and South Coast Wholesale Meats. Over the last few years we have seen TLE Electrical, BaiMed and TJE Truck Engineering come on board and it is to be hoped that all these relationships are not only maintained but continue to develop over time.

President's Report

It would be remiss of me not to mention our trusty team of workers that ensure we function week after week, year after year.

To Kman, Bobis, Timmy O, Zlatty, Tara and Wendy particular thanks for your endeavours on the social front. The words fun, enjoyable and harmonious have all been used to describe this year and it is in no small part due to your endeavours. Bobis, as a first year Club Captain you have been outstanding and I commend you champion (I must admit I was one of the doubters but am happy to concede I was wrong. You told me you wouldn't let me down and you haven't).

Craig Franklin, Tom Bevan and Rob Kelly you are the epitome of what selfless club people are all about. Thank you for your help in the various roles that you have filled this year.

My go to men, Vinny, Shane and Tony G, if ever something needs doing around the place these guys seem to know how to get it done. I probably need to 'fess up at this point and admit that the hoodies were Vinny's idea.....good idea Vinny.

Lea, Johnny, Condo and Wayne thank you for managing the teams this year, as well as managing the players and their, unusual requests and personalities.

Rick Boyle and Barry McVicar my sounding boards in my first year as President, thank you. Your knowledge and wisdom relating to all things rugby and particularly all things Tech Waratahs has been invaluable not only to the club but to myself.

Mick Hurley and Wayne Ireland, as recent past Presidents, you have helped to build the foundation that our success going forward is built on. Enjoy the success that we have had this year as it is no small part a result of your efforts. Wayne in particular, you ARE Tech Waratahs.

To the entire playing group, you have made us all so proud. Not just with your success but the way you have conducted yourselves both on and off the field. You are a credit to yourselves and your club.

Finally to our coaches. Daniel, a great first up effort and I'm sure that if you continue on in 2010 success is not far away. Tony Cheatham a fixture around the club and the phrase 'I'll do whatever you need me to do' are not just words, you truly mean it.

Paul Darby.....I don't need to say anymore, those words are enough.

On behalf of Wollongong Tech Waratahs Rugby Club I thank you all for your awesome support during 2009 and look forward to seeing you all again in 2010 when the Premier Illawarra rugby club will kick off the new decade with a bang.

Rod Horan
President

Junior Vice President's Report

This year was positive in so many ways for the TechWaratahs juniors, with the number of new young men playing the game, the fun with which they approach the game and the support from the whole club with many of the senior players involved with coaching, managing and general support.

2008 TechWaratahs juniors had only 1 team u14's - 22 players, making it into the semi's.

2009 TechWaratahs juniors had 3 teams, u10's, u12's and u16's - 52 players. No teams made the semi's however many coaches and parents from other clubs that said to me during the second half of the season how much improvement they had seen with the individual skills and with each and every one of our teams.

I never once saw our young men drop there heads during the year even during some uneven games and the conduct on and off the field really showing the game played hard but with great sportsmanship.

The excellent coaching provided by Tim, Rebecca and Harry with the under 10's, Vinny and Norm with the 12's and finally Tim with the 16's, each of the coaches not only providing the boys with skills in Rugby they have been excellent role models.

Mick, ably supported by Jason, everyone appreciated the ease by which you, with no fuss, cooked the BBQ each home game. Feeding the masses B&E rolls and keeping them happy.

Junior Vice President's Report

U10's

Played some absolute corkers of games - running rugby at it best, I recall a particularly tough game down at Shoalhaven this year when I saw them click as a team and from then on they did not look back. A particularly satisfying year as many had not played Rugby before and I know at training coaching was tough with plenty of spirit just getting the boys focused was the key to them playing well. Congratulations to all the lads

- Coaches Award – **Michael Bye**
- Best Defender – **Liam Filan**
- Best Attacker – **Eli Georgetsos**
- Most Improved – **Luke Fleming**
- Best and fairest – **Chris Hawksworth**

Michael Bye with the Coaches Award

U12's

How much enjoyment can one set of boys get from the game of Rugby, the boys win loose or draw always played hard. The way in which they sat listening to Norm on a Thursday was a real credit to them and the improvement into a tough unit by about half way through the season was evident by the scores that were closer and closer.

- Coaches Award – **Harry Hawksworth**
- Best forward – **Toby Felvus**
- Best Back – **Mat Mckeon**
- Most Improved – **David Durbin**

Some of the under 12's enjoying the presentation festivities

Junior Vice President's Report

U16's

Missed the Semi's this year by 1 bonus point played well all year under Tim's coaching, I believe they could have been scarily good and been a contender bar the difficulties getting everyone to training each Monday and Thursday night. The 16's played some great football this year and with most of the team there again in 2010 they will surely be close to the top of the competition.

Representative Players 2009

- **Campbell Hurry** – Illawarra
- **Sam Smith** – Illawarra
- **James Needham** – Illawarra
- **Liam Faughlin** – Illawarra, NSW Country and NSW
- **Blake Hamilton** – NSW & Australian Indigenous.

Liam Faughlin absent from the Photo

I watched with pride at the end of the season the 22 young men run out (one on crutches) onto the field at the IDRU Grand final, in the TechWaratahs "T" Shirts and the sponsors shorts, to sing the National Anthem with the first grade team, a few of the boys with their fathers something that would possibly only happen once in a life time.

Thanks to JME, Spec-em-up - Truck Engineering Telephone (02) 4272 7784

Geoff Needham
Junior Vice President

Treasurer's Report

I would like to begin by expressing the clubs gratitude to the Wiseman Park Wollongong City Bowling Club, who continued as our major sponsor this year. Your support has been vital to the financial stability of our club, and is greatly appreciated.

I would also like to acknowledge TLE Electrical who has sponsored the club for the past few years and this year became the clubs main jumper sponsor. The increased financial support that you have provided us this year has enabled us to compete at the highest level in the IDRUC competition.

We have many loyal sponsors associated with our club, and we would like to thank them for their continued support. These sponsors are:

- Bulli Fruit & Vegetable Market
- BaiMed Physiotherapy
- Zeidler's Service Centre
- Gwynneville Bakery
- South Coast Wholesale Meats
- IMB Ltd

Another revenue source for our club is official functions and other fundraising activities held throughout the year. The success of these depends on support from club members who volunteer their time and effort to make them happen. The club would like to recognise and thank the following people for their efforts throughout the season:

Presentation night	-	Tim Olsen & Tara Condon
Game Day Raffles	-	Rick Boyle
Annual Golf Day	-	Shane McVicar, Tony Gorgijovski & Lincoln Young
Joker Poker & Poker Night	-	Tim Olsen
Old Boys Reunion	-	Wayne Ireland, Justin Jones & Simon Marland
Trivia Night	-	Kristian Evans & Zlatko Manovski
Sponsors Day	-	Barry McVicar
Ladies Day	-	Wendy McVicar

Rob Kelly has done a fantastic job as Canteen Manager again this year, and has been supported greatly by Tom Bevan. Returns have been exceptional, and have been achieved through good organisation and operation, both on game days and training nights. Well done Rob & Tom and thanks to everyone who has helped in the canteen and on the BBQ throughout the season.

Craig Franklin
Treasurer

Club Captain's Report

What a great year for the Mighty Tech Waratahs, First Grade Premiers, well done lads, a champion effort.

Thirds did it a bit tough this year in Tully's first season of coaching and finished up a couple of games short of making the semis. A couple of close losses early in the season proved costly but the lads stuck to their guns all year and what doesn't kill you only serves to make you stronger. An early season achilles injury put played to Tully's playing career which robbed the side of some experience but a lot of the less experienced guys aimed up in threes and this stands the club in good stead for the future. Thanks must go to all those players that played a game or two here and there to make sure we fielded sides every week and hopefully they'll find time to play a few more games next year. Well done to Leia and Tully for holding the show together, wouldn't want to have to pay Tully's mobile bill.

To Cheeto and all his managers, Johnny, Condo and Rob, thanks for a great year in second grade. You must be pretty hard to work for Cheeto having gone through all those managers in a single year. Obviously a slow start but gee we came home with a rush sneaking into a semi final spot and making some waves when we got there. It was always going to be hard going all the way with teams as strong as Avondale and Vincentia in the comp but we did a great job and it all looks good for next year.

You can buy a team but you can't buy ticker and firsts showed all year that they are the side in the IDRU First Grade comp with the most ticker and the highest skill level. What a joy it was to stand on the sideline at WIN Stadium on 19/09 as Club Captain and live the dream with the 24 other players. A magnificent effort buy all concerned and the first grade premiership trophy is back where it belongs.....The Saunders Oval, Harp, Hostage, North Gong, Bowlo, Bally Pub, Patch.....yeah, we like to spread the joy. Thanks for keeping the side going must go to Wayno and Darbs, the best manager and coach in the competition.

To Jules, thanks for keeping the lads on the park, your work was tireless, particularly as the season wore on and the work required increased. Also thanks to BaiMed for your physio services, nothing was ever a problem.

To Rob & Tom, the comps best canteen managers, thanks for your work, particularly on Thursday nights. Everyone knows that an army marches on its stomach and without all that pizza and beer on a Friday night it's unlikely we would have had the results that we had.

To the entire committee, thanks for your work and support this year. The 'behind-the-scenes' people often get forgotten but if not for them the club just wouldn't function. Any successes that we have on the field as players are as much your as they are the players.

Club Captain's Report

From all of the players goes a special thank you to Timmy Olsen for his work raising funds for Mellow Monday and the trip away. Timmy ran joker poker, a poker night and organised the trip away. These little things all make the big things possible. As a club we all need to support these fund raising and social initiatives as they benefit all of us.

Our success over the last 10 years is the result of a strong junior program which has waned a little over the past few year. For our club to be successful in the future we need to ensure we have a constant stream of junior talent filtering through into grade. I ask that the entire club get strongly behind the juniors next year as they are the future of our club.

Finally I'd just like to thank Vinny for suggesting we get hoodies instead of polos, well done Vinny, fair dinkum Red has got no idea.

2009 is run and won, bring on 2010.

Luke Mayberry
Club Captain

1st Grade Report

The Summary:

Well once again it's hard to believe that season 2009 has come and gone. Suffice to say the season has been an outstanding success, not just for First Grade but indeed for Seconds and Thirds and once again the club as a whole.

The beginning of the season was certainly a bit different as the rep program didn't affect us much. Congratulations to all the Tech Waratah players involved in the Illawarra side, your performances certainly must have had the other players from opposition clubs worrying about our up and coming clashes. Having said that we still wore the worries of potential injuries to our rep players and the effect it would have on our season. In addition to that having Josh (Darby) selected into the NSW Country Cockatoos once again, although being a fantastic effort, of course saw us without him for the beginning of our season. In addition to this the loss of Harry in the second round v Engadine saw me taking a few steps back and reassessing the season ahead. I should have known better.

Quite obviously Harry's injury was a massive concern to me and I have to admit I didn't really know where we stood in the way of tight head props being so early in the season. Chris Hendry put his hand up for the rest of the Engadine game and after getting 'elbowed' by an opposing player showed us just how well he could play when he was fired up.

So things were going OK at this stage, using both Chris and the ever reliable Tony G. Then about round seven, a chunky bearded 'Ranga' by the name of Luke Debono walked into training one night looking for a game of Rugby. "Another Ranga" I heard someone yell. To this we saw Ready running across the paddock faster than I have ever seen him run before, with a smile from ear to ear on him. As they say in the classics.....the rest is history!

Rather than go through each game one by one, in summary we played 18 games (including Major Semi and Grand Final), for 16 wins – 2 losses and a draw. As the stats show we were the dominant side throughout the year. Minor Premiers at the top of the table on 67 points (although we did experience a few hiccups along the way).

The Wraps:

The whole scrum and everyone who played in there at any stage of the season. We are not a big scrum but the 'engine room' was a very powerful one. We were also blessed with undoubtedly the best back row the Illawarra competition has seen in a long time.

All the backs and again anyone who played there at any stage of the season.

You will have to wait (and put up) with my individual praises during Presentation Night.

1st Grade Report

Cheeto. Who once again led his players onto the battlefield in which I feel to be the hardest grade in the competition to coach. Many had them written off half way into the season but sheer guts and determination saw them gain the results so much deserved, only to fall short on the hard road which is sudden death semis. Well done Cheeto, your support for myself and the First Grade side was as usual unwavering.

Dan Tully. Daniel's first season as coach saw him realise just how difficult coaching can be, especially after receiving a very serious injury himself. This only slowed him for a short time and he was soon to reappear on the sidelines (crutches and all) to lead his charges onward to only just missing out on a semi final berth. Well done mate and my sincere thanks for support throughout the season.

James Letham. Thrown to the wolves v Avondale. James displayed the intestinal fortitude required to become a first grade hooker and continued on with this mind set for the rest of the season both in firsts and seconds. Well done mate, your attitude and commitment will ensure you are one of the players that will cement his position in first grade and stay there for many years to come.

The Special Wraps:

Timmy Olsen. I don't have enough words to express my thanks. A totally professional Captain in every aspect of the word. I especially enjoyed the 'looks and nods' that said more than any words can, and especially the last hand shake when leaving the change rooms as you led the lads out to battle.

Lee Martin. I'm not at all sure how long we have been involved in Rugby together but it seems like forever as the early (Tech Tahs Juniors) years blurr into the archives of my memory. What I do know is that every season that passes seems better than the one previous and it has always been a pleasure to have you in my side as a player, but more so as a mate.

Joshy. Again you have had a great season, they just keep rolling on. Your selection in the NSW Country side is testament to you ability. Once again it was through 'foggy' eyes (or was if frozen eyes from the ice water drenching) that I watched you collect you medal for player of the grand final. Memories of 2005 seemed like it was only a week ago. I would like to thank you for your outstanding efforts throughout the season, firstly as a coach, but more importantly as a dad.

The 'Old Heads'. Harry, Ready, Craigo, Trevor, Moana and Viggysy. The first time I saw all of you together on the field a chill ran through my body and two things came to me. I had an overwhelming feeling of 'dejavu' and knew then and there we could do this. And secondly a line from the very end of the movie 'Grease' for some reason came to me..... "*Look, the old gangs back together*"! *Well a-wop-bop-a-looba-a-wop-bam-boo* to all of you!

1st Grade Report

The 'New (or more accurately newish) Heads'. Josh, Luke, Dickie, Azza, Sammy, Liam, Wisey and everyone else who traveled through our team during 2009. Without every single one of you our accomplishment this year simply would not have been possible. I will expand in more detail on Presentation night.

Harry. I have to give 'H' a special wrap indeed. Many, including myself and I suspect H himself, thought that this injury would see the last of Harry on a rugby paddock, apart from the fact that a person could even contemplate packing down for another scrum after rupturing his bicep, the seriousness of his injury soon became evident. But to get yourself back onto the field in the same season, especially into a major semi and then grand final is nothing short of incredible! So why didn't it surprise any of us? Because it was Harry, simple as that. It just wouldn't have been the same without you out there H, your efforts on the field once you came on was as if you had not even had any time off and I am so glad you were able to share the elation of our last couple of games.

It would be amiss of me if I didn't mention Wayne Bruton, who once again put his body on the line in whatever position I placed him in and did so with never tiring enthusiasm, that was until that fateful day at Shoalhaven that ended his season with a bang, literally! Great to see you mobile (to some degree) again and able to make it onto the sideline to share the excitement of the Grand Final with us. It wouldn't have been the same without "Bruto" there.

The Very Special Wraps:

President Rod. Thanks for your never tiring efforts this season that has once again seen the mighty Tech Tahs become a force in Illawarra Rugby. Saying the simple things like "what do you need Darbs" made my life soooo much easier.

Manager Wayne. As usual nothing was left undone with all i's dotted, all t's crossed and all boxes ticked. Jumpers, team sheets, Players Player choices etc etc became 'matter of fact' for our team although I am very aware that the Managers job is a heck of a lot more difficult than it appears to be. Thanks Meet!

Jules. Another one down Jules and again you managed to keep us on the paddock week after week in a role that I would challenge anyone to do, as well as you do, for as long as you have done it! Once again thank you so much for everything this season.

Rob and Tom. You guys are awesome. The ever smiling faces behind the 'bar' providing me with my 'match payments' as always prepared to perfection.

Rick. Don't need to say anything mate. We both know what I mean, nothing has changed in over 35 years.

1st Grade Report

The Extra Special Wraps:

Once again I find myself leaving the most important wraps for last. As you all know 2005 was to be my last season of coaching, in 2008 circumstances compelled me to coordinate 3rd Grade and you guessed it, the 'taste' was back. This year would have been impossible had it not been for the encouragement and support of my dearest Lee, and of course Annaleise. With training beginning in February and the season finishing mid September, that is a very, very long season. I know for a fact that if I decide to continue next season the support will again be there, just as it has been for the last 37 years. So to my two biggest fans I can only say thank you from the bottom of my heart.

Well that appears to be it, a bit long winded but bad luck! This season has certainly been a buzz. Once again I have had the privilege that Rugby Union provides so completely, and that is the nurturing of new friendships and the strengthening of old friendships that last a lifetime. In previous reports I have stated that I have seen this club grow from 'Easy Beats' to Minor Premiers, Premiers and back to back Premiers. This year, once again we are Minor Premiers, Premiers and now undoubtedly the club of the decade, only made possible by every single person involved on and off the paddock. Thank you so much.

The usual 'words of wisdom' that I try to find while on our bus ride from Saunders Oval to WIN Stadium escaped me this year, so I shared this simple quote with the lads: *"Bite off more than you can chew.....then chew it"*.

So once again to my beloved Tech Waratahs I leave you with this:

"To every man there comes in his lifetime that special moment when he is tapped on the shoulder and offered a chance to do a very special thing, unique to him and fitted to his talents and strengths.

What a tragedy it would be if that moment finds him unprepared or unqualified for the work which would be his finest hour".

Once again you were tapped on the shoulder, this time by a stronger and better foe. Opportunity found you both prepared and qualified, and it was truly your finest hour.

Go you good things!

Paul Darby
1st Grade Coach 2009

2nd Grade Report

Once again a season has come and gone, but this year finds our club as First Grade Premiers. I extend my congratulations to Paul and all of the boys in the squad. To win a First Grade Premiership requires a strong back up from the second grade side and I believe this is what the seconds did this year.

Our season started off very slowly and at the end of the first round it looked as though we were 'dead and buried'. To the boy's credit, they turned the season around playing sudden death football for the last eleven games. To make the semi finals was a result of their commitment, their pride and a pact to go through the second round undefeated.

Throughout the year we had strong performances from several players, but overall it was a strong team performance that helped achieve the final goals we set. Matt Simpson, James Letham, Tim Frater and Corey Condon (with his ability to score tries) were the younger brigade who performed well along with the older boys. The future of our club appears to be in good hands.

I would like to give a special thank you to Luke Mayberry for his assistance throughout the year. At training, and on game days, he was one player who never lost focus of making the playoffs. I also extend a big thank you to my managers; John Hiesley, Rob Kelly and Paul Condon for their assistance throughout the year. It was very enjoyable and their presence in the club was much appreciated.

Finally I would like to thank the entire committee including strappers, ball boys and everyone who contributed this year to the success of the club. To the Team of the Decade that will be announced on Presentation Night, thanks to you we are the Club of the Decade.

Thanks for the season

Cheeto
2nd Grade Coach 2009

3rd Grade Report

Thanks to all involved for the opportunity to coach the mighty thirds (the toughest job in world rugby). It was a challenging but enjoyable experience.

I have always seen the first three games of the season as crucial as momentum is a wonderful thing to have in rugby. Unfortunately we played the top 3 teams first up. A high turnover of players and some close losses set the tone for the season. Engadine scoring in the corner on full-time to win in round 3 really cut deep.

Despite being in the contest in every game there were a few losses that stood out which probably cost us a final spot. There was the engadine game, Avondale at home where we failed to score a try despite dominating, Bundanoon away where only 14 showed up and Kiama away who played much better than their position on the table suggested.

The highlight of the season was definitely the win against Camden. We established a lead and desperately hung on for the final 15 mins. Luke Thompson's defensive performance after an ordinary game the week before was inspirational on a strong centre combination.

The most pleasing aspect of the season was the emergence of several new youngsters to the club. Nick Partridge, Corey Jones, Reece Tobura, Ben Waterfall and Ryoto Okumura, all produced man of the match performances in their debut season, with Nick producing in higher grades. Unfortunately Ryoto returns to Japan next year but is a character the club will never forget.

Sammy Patrinos, Andrew Murphy, Chris Hendry and Mark Mazinni are 2 and 3 year players that really matured this year. Sammy went from a part-time bench player to one of our best by the end of the year.

Zlatty, Greg Hale, Frogga, Ben Shortus and Nathan Davey are experienced players who consistently played and trained, having these guys around makes things much easier as a coach, Greg, Nathan, Zlatty and Ben all got dropped mid-season then turned out in thirds with a great attitude and led the young guys around the paddock. Thanks for your continued commitment.

A special thanks also to our captain courageous Sean Filan. He was our best player every week, and out of his depth in third grade Sean has a great attitude to his footy and the younger players. Regardless of who is in the team he turns up to play and is willing to battle alongside less skilled players for the benefit of team and club.

Our manager Leia Thompson was sensational this year. She had everything covered on game days making it very easy to focus on coaching. She is great to have around even turning up looking like death warmed up one day. Thanks from all the boys.

Tully
3rd Grade Coach 2009
