# PRESIDENTS REPORT

---

*With four out of the available eight Illawarra Rugby premierships ours, and more than a fair share of representatives, the 1995 season has panned out to be quite a successful one. We have achieved a lot in the short life of the club so far, and we have the best facilities in the district so I am certain the best is to come.*

*The influx of new players this year is a very heartening sign, with player numbers being the highest for a while. Though many players are relatively inexperienced, we have a great deal of talent available to mould into a competitive club.*

*To all the coaches and managers this year, and all the time and despair they felt, everybody expresses undying gratitude. It is a thankless job which any club could not function without. Thank you all again.*

*To the U19 team, I congratulate you all on your performance throughout the season, especially in the finals series. You are fine young football team and we all look forward to seeing you again in 1996, both in grade for those eligible and the 19's again for those who are not.*

*With the nucleus of the senior grade players, and the raw energy and ability of the younger sides, I'm certain of more finals series teams in 1996.*

*To the junior committee, teams and supporters, I cannot begin to mention all your achievements in 1995 so I have left all the details of your wins and representatives to Graham Collinson-Smith. Thank you Graham, the junior committee, coaches, players, parents and supporters for 1995.*

*Representatives at all levels were again a highlight for our club this year. Thank you to all those who achieved representative status and we totally support your endeavour to better yourself and our clubs profile.*

*If medals could be given for supreme commitment to the function of the club at committee level I would give them. But since they are not, I can only mention these people in despatches. "For making my job easier, a special thanks goes to Wayne Ireland and Peter O'Neill."*

*For everyone who assisted in the canteen duties, cleaning the clubrooms and change rooms and marking the field ... thank you for a thankless task.*

*Thanks go to all our 1995 sponsors and especially our major sponsors **Gilmores Hotel Coniston, Atkins-Jones Solicitors** and **Keiraville Pharmacy**. All members must realise the importance of sponsorship to our club, in any form. As a club, and where we can as individuals, we should support those organisations, business and companies that generously support us.*

*A special thanks also must go to the Wollongong College Union Inc. for the use and maintenance of our ground and facilities. Thanks to the WCUI General Manager, John Redmond and the Recreation Centre Manager, Ross Longbottom.*

---

---

*Rugby is a team sport, and it is not just a matter of playing on games days. To make a stronger and more competitive club we all have to make an effort both on and off the field. This not only involves a rigorous training program, it involves selling and promoting the club at every opportunity. In the off-season, keep fit, but most of all keep in mind the successes we have had this year and look out for prospective players next year.*

*Looking forward to seeing you all on the field next year ...*

**JOHN MAUGHAN**

---

# SECRETARYS REPORT

---

*A busy season and quite a challenge, as we are implementing plans to enhance the clubs image and appearance, and to ensure our future. We are only in our second year and gaining some momentum, with a terrific season by the U19's and Juniors. But remember, the road to success is not any easy one and there are no short-cuts!*

*Many thanks to Wayne Ireland and the quiet achiever John Whiddett for their assistance and contributions to the club. Special thanks to my wife Lyndy for her help with the production of the newsletters and year book. Thanks also to Dingbat and Simon Marland for putting the yearbook together.*

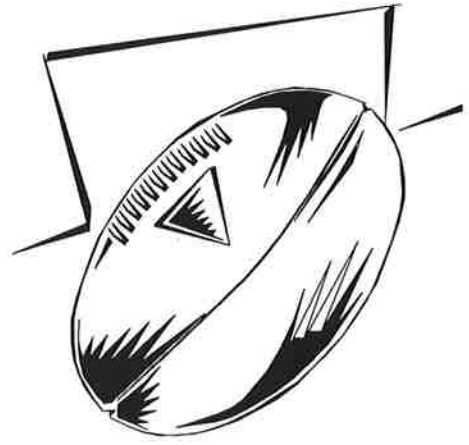

*I am looking forward to working with the club next year but committees, like good football teams, need able workers - and plenty of them. So, be part of the solution and see what extra you can do for your club, whether actively on the committee or helping out on game days.*

*Remember, losing is a state of the scoreboard; Defeat is a state of the mind!*

**PETER O'NEILL**

**JUNIOR**

**RUGBY**

---

# JUNIOR CLUB REPORT

---

A very successful 1995 season for Tech-Waratah Juniors. A year of plenty of eager players, excellent coaching staff and enthusiastic administration.

It all started with a great committee. This was the basis for the on-field success. So thanks to the team of Paul Darby, Rod Thompson, Sue Bath, Barry Pike, Susan Schliebs, Phil Garde, Phil Allen and Ziggy Skora. Not only did these people help our club but they also were very actively involved with Illawarra District administration and coaching. Our club was involved with about 90% of all available coaching and management positions, and this level of participation shows up the other clubs. Great help also came from our regular linesman Steven Power and the busy canteen manager Wayne Ireland.

Player-wise we also had a great year. Jay Tregonning reached State honours and many others had high representative experience; we won three premierships out of four; all teams reached the finals and the only team that didn't win their competition was possibly the biggest improvers of the year and they only just missed on on a Grand Final berth. Also, all teams were full and we had ample quality young footballers.

The Under 11's were always the best team in their competition and won 19-0. Coach Jim Pettit had a team of great young footballers.

The Under 13 years team under Matt Laing were enthusiastic and developed well throughout the year. "Huggie" has some players of exciting potential in his ranks.

The Under 15 years, under the leadership of Craig Clothier, Michael O'Loughlin and Ben Troy were always the team to beat, and they continued that form to defeat Bowral in the their Grand Final. Many fine representative players were in their ranks but they also had a strong squad of 26 enthusiastic footballers.

Kevin Price's Under 17 team demolished Campbelltown 29-0 in their Grand Final and were a credit to Kevin's efforts and to the work of his offsiders Dave Tregonning and Khaled Matar.

A great 1995 season.

Now is the time to start recruiting and preparing for another successful season in 1996 and to carry this success over into the senior club.

**GRAEME COLLINSON-SMITH - CHAIRMAN**

# 1ST GRADE COACHES REPORT

---

*The second season of the Tech-Waratah club and in particular the first grade side was very disappointing.*

*We promised so much in the early stages of the season that we were even considered to be outsiders at making the final five. This was not to be as we only won two games in total and lost many we should have won had we performed to our potential.*

*I believe most of the seasons poor results can only be put down to lack of dedication by the senior players to train as and when required, and also due to ill discipline on the field. This is an area I know concerns the club and they are working hard at rectifying this situation.*

*On a more positive note, there were some players that worked exceptionally hard all year and deserve a mention. Two players in particular stood out as above average performers and were unlucky not to receive more recognition: well done Khaled and Dunny. The return to rugby of Rob Kell bolstered the backline, and the performance of Josh Leamon who played most of the year out of position were appreciated by myself and the team.*

*Congratulations to those who represented Illawarra - Mark Dunn, Rob Kell, Peter King, Khaled Matar and Justin Peterson.*

*I would also like to thank the players from other grades that were prepared to take the step up to first grade and help out, in particular the boys from U19's.*

*A very special thanks to Dave Worth, my assistant coach and backup prop, Rick Boyle and Ian Hagen - the managers who never missed a beat all season: your assistance was very much appreciated. To Ron Wessel and Con Youll, thanks for the extra help when needed.*

*As I will not be putting my name forward to coach first grade in 1996, I would like to congratulate the club on the results in the U19, U17, U15, U13 and U11. We must hold on to these players as they are our future.*

*Thanks again to all who helped this year and good luck in '96.*

# 2ND GRADE COACHES REPORT

---

Well, I suppose that you could say that this season was better than last. At least we got rid of that bloody wooden spoon! Now to keep going up the ladder.

The season wasn't all bad: there were several highlights. A couple of the wins were very good and some of the other play was of a good and improving standard. Some of the forward play, against Weerona at Saunders for example, showed the team could do what was required as long as we kept our minds on the job. The backs also had many moments of enterprising and entertaining play. Alas and alack, these moments were all too few and too far apart. If only we could string more of those good moments together we would be far better off. There are plans afoot to ensure this happens next year - stay tuned.

One of the highlights of the season for me was the spirit shown by many players in backing up and standing by each week. Here I think would be a good place to give special mention to Alan O'Neill, Big Al, who, although still only under 16, played several games for us in the front row and acquitted himself well. Congratulations big fella, and thanks very much. To the other 17's and 19's who played for us, thank you for your support. It did not go unnoticed and should not go unthanked.

Several grade players also need a mention here and if I could put my club managers hat on for a moment, many thanks need to go to Simon Marland who played three games straight on two occasions because all the other half backs were out injured. On one of those occasions, at Campbelltown, Josh Leamon was stripped and ready to go on to give Simon a break, even though he was still on crutches. It is the sort of club spirit shown by these two guys that makes me think it is all worthwhile and that we will be successful in the long run. Special mention must also go to young Wecky and the other juniors who ran the water for us each week. Despite the influence some of the senior players may have on him, I'm sure he will turn out to be a fine club man.

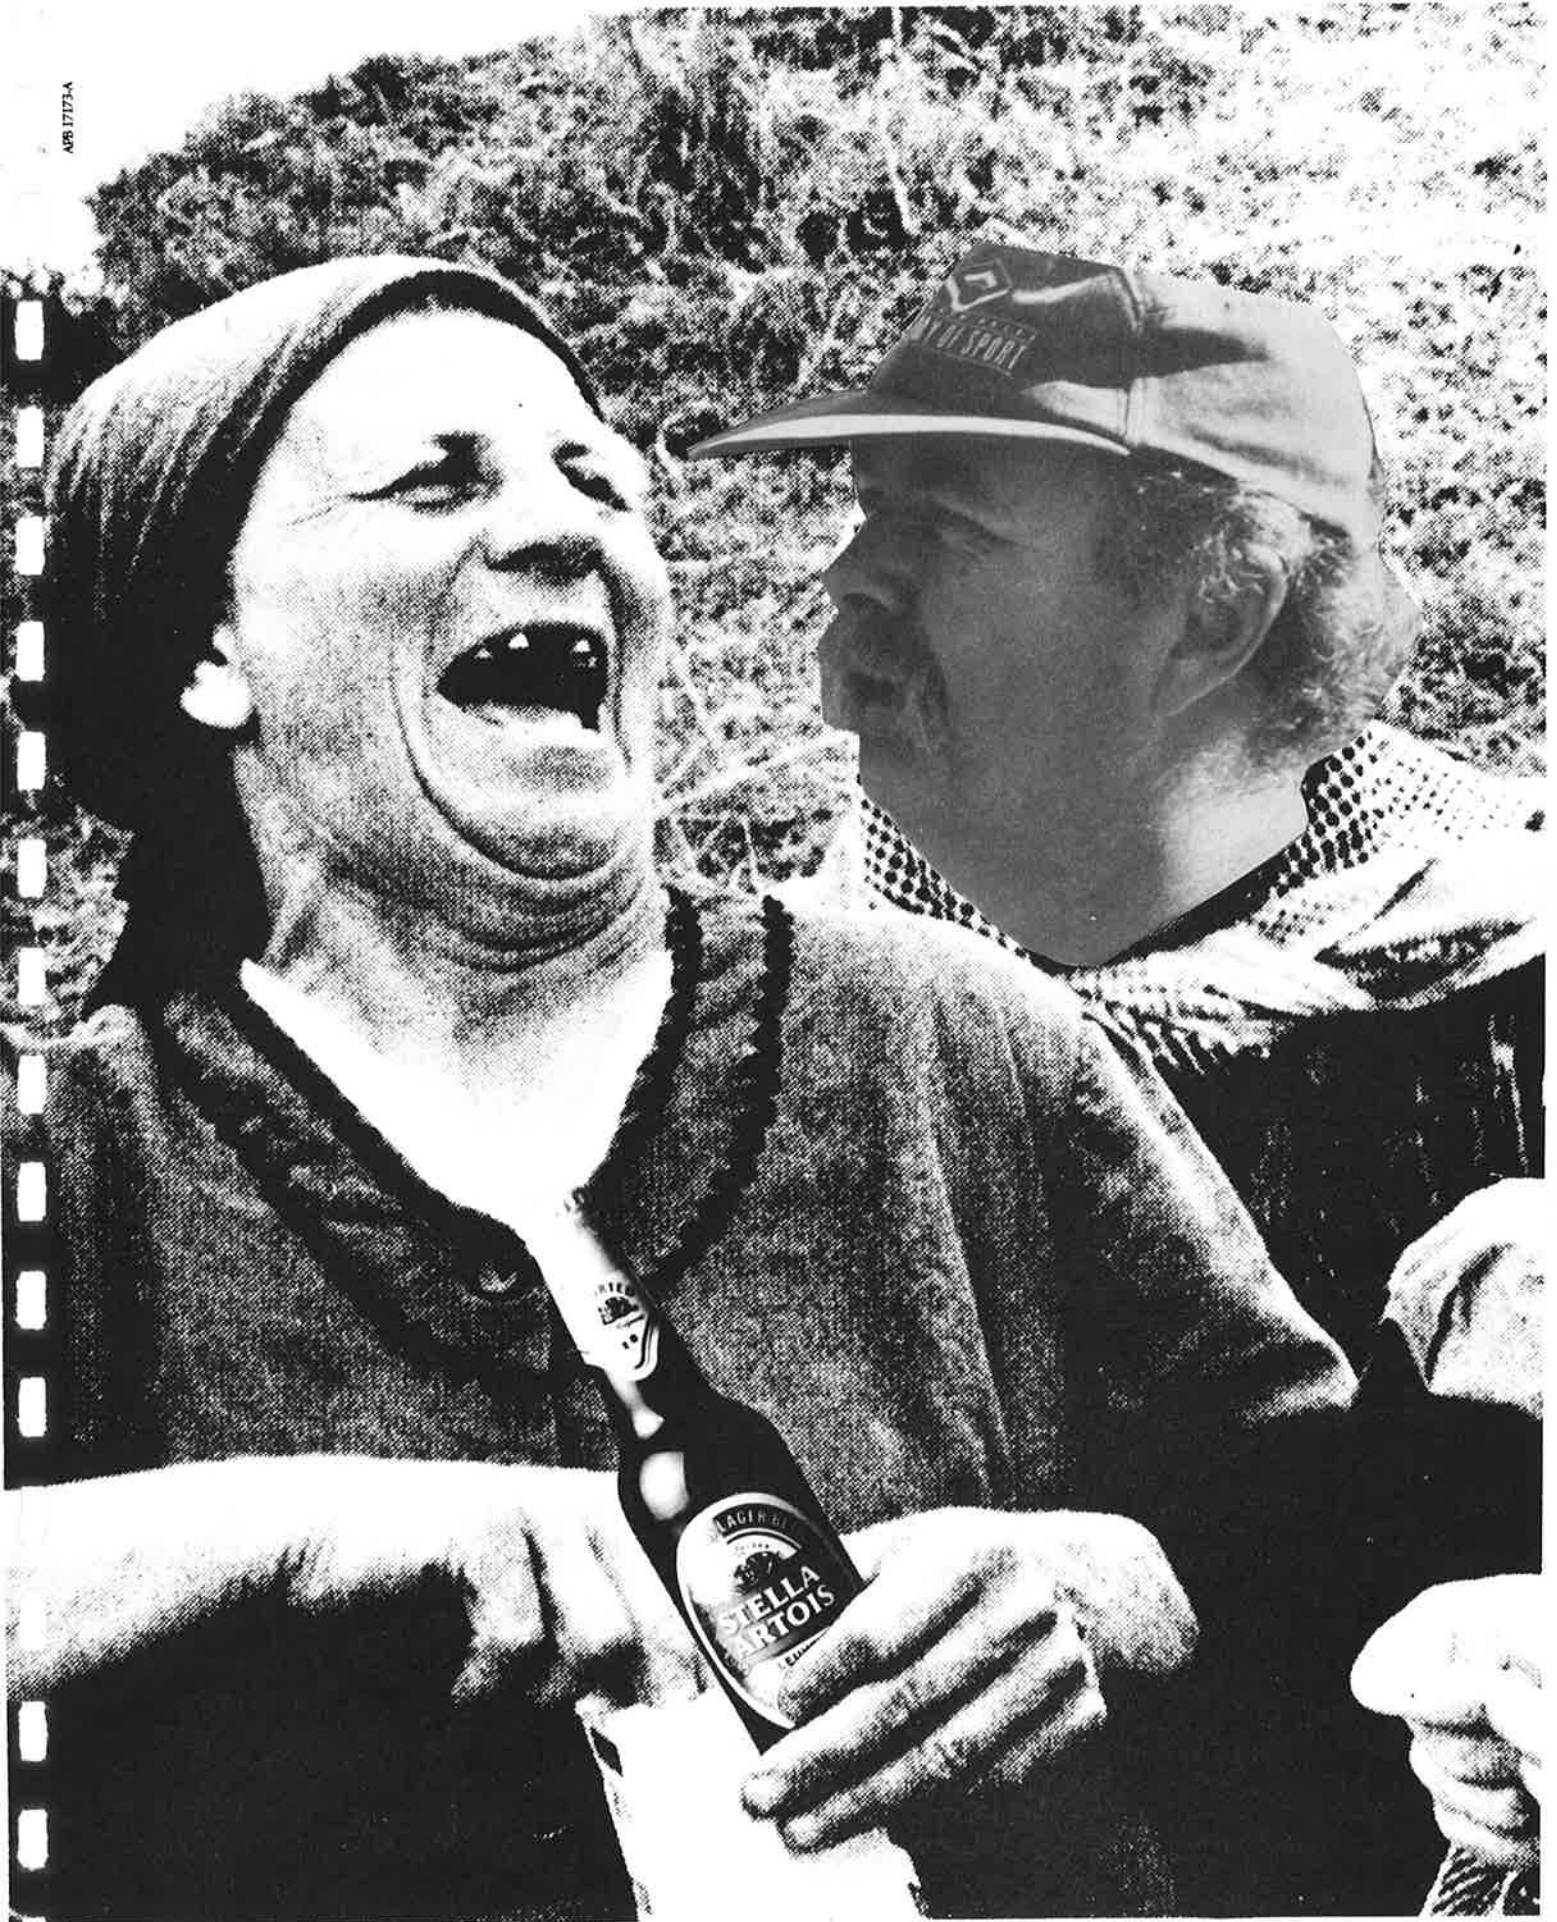

To Zlatko Manovski and Wiley Pearson who came into the team late in the season because of their improved play and willingness to learn and put their bodies on the line, thanks for staying focussed and willing: your reward will come in the near future I'm sure. To the rest of the guys - Bag, Gilligan, Stuey, Bat and the rest, thank you for your effort and support this year and I know that next year we will get a much better result.

Best wishes for the future and have a good off-season. See you at the gym.

P.S. Congratulations to the Under 19's for their sensational grand final win.  
YOU BLOODY BEAUTY !!!!!

**RON WESSEL / PETER WALLACE**

---

RON WESSEL . About as sophisticated as a guy can get.

# U19 COACHES REPORT

---

## THE TECH WARATAHS UNDER NINETEENS: WHAT A TEAM !!!!!

At the start of the season, as usual, numbers were a bit light on and I would like to thank those "extra" under 19's who helped us out for the first couple of games (Farmer, Handbag and some others whose names escape me). A special thanks to Steve Power who always put his hand up when we were short on numbers. As the season progressed and numbers grew and we settled down to playing some great rugby, the wins began to come fairly easily as the boys got into the swing. **Then we met Campbelltown !** You all remember Campbelltown, the team we played in the Grand Final, but that's another story!

The team began to play very well together, however, as the season progressed representative duties began to take their toll. At one stage we had no less than five of our key players out. The team rallied together and with the help of some very talented Under 17 players we continued on. Most games were very entertaining to watch, even if somewhat one-sided, and then we met Campbelltown again (I think I have already mentioned them): they became our nemesis. We continued on until semi-final time. Shamrocks in the rain! (All our reps out, and Julien sick). We battled on and drew 17-all. On to the Major Semi, yep, Campbelltown again !! So, on to the finals we went and kicked Shamrocks. Grand final time, there was no way Campbelltown was going to beat us 4 times in one season. The rest is history. What a great day that was (what I recall of it).

I must now thank the many people who contributed so much to the success of the season. First and foremost, the players: a team of very talented, tough and committed players - thanks fellas. To Ben Troy, who gave everything until that fateful day at Wisemans Park: bad luck Ben we really missed you out there. To all the Under 17's who backed us up throughout the season, we would have done it tough without you, especially one in particular, thanks "Cameo".

To the small band of loyal grade players who followed us around without fail, thanks guys, you probably don't realise how much your support helped the boys. To Simon, thanks for your support and your legendary half time speech at Kiama - that really spurred the lads on. To the guys who dropped out during the season, for whatever reason, you were, and still are, part of the winning team.

To the Mums and Dads who travelled all over the place, as usual, we depended on you to get them there, thank you. I could go on and on and I have probably missed some very important names, if so I apologise.

However, while writing this I can feel all the emotion of the Grand Final day rushing back.

---

---

Now there are some very **special** people I must thank. Firstly to Wayne Ireland and his Dad who have supported the team and myself throughout the year, especially Wayne, who has looked after the jumpers, water bottles, games sheets, etc. etc. Etc. To my old mate (sorry Ron) Ron Wessel who, when it came to the crunch end of the season, nursed and strapped all of the players into winning condition. To Handbag, what can I say, the forwards probably learned more from Craig in the last part of the season than they did off me all year. Many thanks to all of you, especially for calming me down during games and preventing me from thumping opposition officials.

A very special mention to my dear wife Lee who has put up with this old rugby player's 2.30am training sessions, bad moods, tantrums and simply not being at home. Thanks Lee, I love you dearly.

Finally to the club, its officials, supporters and all concerned, thank you for your support throughout the year. I really believe in this club, MY CLUB. It has the potential, no, it **WILL BE** the Premier club of the region. With the talented and dedicated players and officials in our senior ranks, combined with the depth and ability of our juniors, we can only go from strength to strength. **Premierships will follow.**

Thank you all for a fantastic season and I look forward to an even better 1996.

**GO THE NINETEENS !**
